
with George Vierhus

THERE WILL BE 80 ASsemblymen elected in California in the general election next Tuesday and 20 state senators. That's sort of basic.

In a recent animated discussion on politics in which we participated, the point was raised as to whether it was possible now in this state for a candidate to win both major party nominations in the primary in June and thus be "elected" at that time.

It seemed to be the general consensus that such a feat was not possible under the present election laws.

Some years back it was possible for a candidate to run on both party tickets in the primary and, if he was top man in both cases when the votes were counted, he would then be the "nominee" of both parties in the general election.

And it happened quite often.

We recall, as an outstanding example, the "election" of Governor Earl Warren in the late 40's. Warren, a Republican, ran on both tickets in the primary and was top man on both and thus he had no opposition that November.

But subsequently the state election code was changed and now the candidates run only for their own party nomination in the June primary.

We submitted in the bull session that it was still possible, although highly unlikely, for a candidate to be nominated by both parties in the June primary.

Our point was greeted with skepticism and hoots by the others in the group.

Somewhat belatedly we now offer proof.

Such an occurance did take place in the June primary this year in the 14th (Alameda County) Assembly District.

-0-

ADMITTEDLY IT IS NOT a world-shaking matter and "so what?" would be the rejoinder by most people to the results of our research.

But with the general election only a few days away, we thought it would be apropos to come up with a different twist.

You see, Assemblyman Robert W. Crown of the 14th District, a Democrat, had no opposition on the ballot in June from the Republican side of the fence.

But in the election, 1,568 Republicans wrote in Crown's name. (Another write-in candidate on the Republican ballot received 863 votes.) The minimum number of write-in votes to qualify write-in candidates for the office was 585.

So Democrat Crown, who also had no opposition on the Democratic ballot, received the Republican nomination.

And on the general election ballot Crown is designated as both Republican and Democratic nominee.

As far as we could determine that is the only such case in the 80 assembly districts in the state.

There are a few instances where a candidate has no opposition listed on the ballot because no one filed from the opposing party in the primary.

But they are not nominees of both parties as in the case of Crown in the 14th.

We are aware that most of you could care less about such political trivia.

However, it will give you a brief respite while you are making that final struggle this week with your conscience, or whatever else is available.

One might say, as they do in TV, that gives a break in the action.

Or are you one of the bright ones and your mind is already made up?

On all those propositions, too?

-0-

THIS IS ALSO THE WEEK of the last-minute predictions as to the outcome next Tuesday, based on various polls, stars, tea leaves or just dreams.

What effect the peace ne-

The Campbell Press

Serving the Hub of the West Valley Since 1895

Vol. 80 No.44 Wednesday, November 1, 1972 10¢

378-9136 35 Dillon Avenue, Campbell, California

IF PLANS MATERIALIZE

Old "Sunsweet" plant to get new life

Long a landmark in Campbell, the "Sunsweet" plant will be transformed into a cultural center with specialty shops, restaurants, a theater, art galleries, if plans of R. B. Millen and W. H. MacLaughlin are carried out.

The new development will be called "The Factory". Some of the present buildings will be converted into attractive settings for the shops, etc., as the architect's sketches reveal. Other buildings will be removed. Bill Hedley, of Campbell, is the architect for the project.

Approval has been granted by both the City Council and Planning Commission for the necessary zone change, the first step in the project. Involved also in the development is the proposed south loop street by the city which will cut through a portion of the property.

IN SYMPATHY TO CESAR CHAVEZ

Trustees may ban "Iceberg" lettuce

Whether the Campbell Union (elementary) School District will "boycott" Iceberg lettuce in the cafeterias of the schools in sympathy with the stand taken by Cesar Chavez of the United Farm Workers may be decided at the next meeting. The trustees will meet on Thursday, Nov. 9.

The matter came before the trustees last Thursday in a letter from the West Valley Federation of Teachers requesting that the district cease further purchase of Iceberg lettuce until the fight has been resolved by the workers. The letter emphasized that the board had a moral commitment to support the workers.

Mrs. Pearl Calabrese, district food service director, explained that lettuce now was being purchased at the lowest quoted price and that if the kind of lettuce desired was specified it would cost about 50-cents more per crate. The district uses about 480 crates per year, she said.

Trustee Ralph Steinberg, following the explanation, indicated that he saw nothing wrong in the workers using the boycott as a weapon and it would not be an unreasonable burden for the district to support the boycott.

However, Trustee Richard MacQuiddy pointed out that Mrs. Eleanor Graham-Armstrong was absent. He felt it would be better if the entire board had the opportunity to vote on the question.

So the matter will be on the agenda of the next meeting of the board.

No action was taken on an oral request by Gordon Martin, of the WVFT, that the board officially oppose Proposition 22, as advocated by the farm workers' union, when MacQuiddy pointed out that the matter was not on the agenda and it would be unfair to discuss it without proper notification.

The absence of Mrs. Eleanor Graham-Armstrong also caused the board to deadlock 2-2 on a motion that the district pick up the tab for representatives of authorized teacher groups to attend a two-day conference in San Jose, on educational research on the topic of evaluation of teachers. The expenses would include $25 registration fee and two-days pay for substitute teachers.

The matter came before the board in another letter from the WVFT requesting that the expenses of Gordon Martin at the conference be paid by the district.

Superintendent Jim D'Avis

Study session stimulates interest in youth action

Youth of the community on Monday clearly demonstrated that they are interested in taking part in civic activities and that the city's Youth Advisory Commission should be continued as the instrument by which they can participate.

And they indicated that the next regular meeting of the Youth Commission on Nov. 15 would be well attended by interested young people from all areas of the city.

More than 50 young people from various schools in the area attended a study session on Monday called by the City Council for the purpose of determining whether there was a need for the Youth Advisory Commission based on the apparent lack of interest that had been shown in recent months.

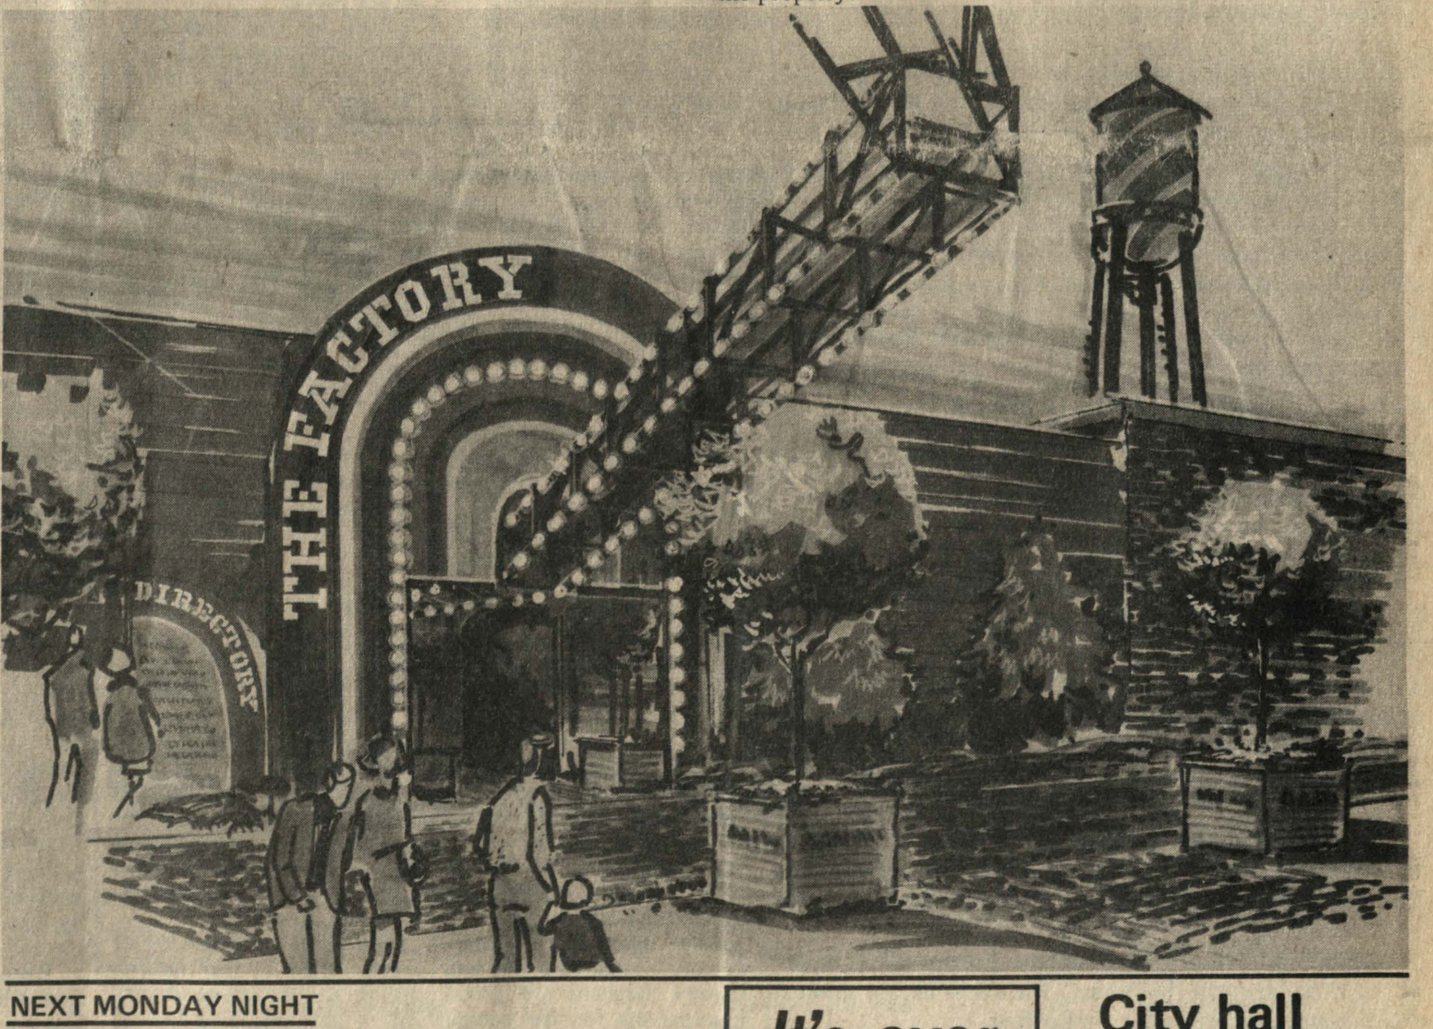
At the present time there are only four active members of the Youth Commission, Becky Campos, chairman; Cindy Casteel, Doug Hebard and Julie Theibult. The resolution establishing the commission specified a membership of nine.

Under consideration at the present time is a new city ordinance that would establish the Youth Advisory Commission with a membership of seven.

The original commission was organized under a council resolution, the only city commission to be formed in that manner.

The young people attending the study session submitted that they were confident

(Continued on Page 2)



NEXT MONDAY NIGHT

E. Campbell Ave. traffic solution (?) goes to Planners

A "preview" of proposed suggestions and/or possible solutions to the problems affecting traffic-plagued E. Campbell Ave. (from Bascom to Leigh) are scheduled to be presented to the Planning Commission next Monday, Nov. 6, by Bill Wren, public works director.

The public works department was directed by the City Council to make a full report on the E. Campbell Ave. situation at the Council meeting on Nov. 13 after a delegation of residents on the street had appeared before the Council to present their complaints about traffic on the street.

Wren was also directed to inform the Planning Commission of possible solutions. Hence the "preview" next Monday.

Other items on the Planning Commission agenda next Monday include a request by Campbell Community Hospital to allow the use of three storage trailers on property just north of the hospital on hospital-owned property.

Plans for three industrial buildings on Division St. in Campbell's industrial park on property owned by Benjamin Smith will also be up for approval next Monday.

Martin and Martin Construction Co. is also seeking approval of plans for a warehouse at 1400 Dell Ave. and Vern L. Buckle has submitted plans for a plumbing shop and offices at 240-250 Dillon Ave.

Tiny Tots Diaper Service is seeking approval of plans for an industrial building at 138 Railway Ave. and Joyce H. Kealoha is requesting a zone change from R-2-S to P-D to allow a boarding and grooming kennel at 1849 Pollard Rd.

Plans for the conversion of a residence into an office at 456 N. Harrison submitted by Ray Odis will also be up for approval. The application had been continued from the last meeting.

SATURDAY SESSION

Campbell councilmen this Saturday, Nov. 4, will interview applicants for the one vacancy that exists on the Civic Improvement Commission starting at 9 a.m.

Following the interviews, the Council then will go into a study session on the establishing of priorities as to how to spend the anticipated federal windfall of $172,000 as this city's portion of the revenue-sharing program that has been approved.

It's over Tuesday

Months of campaigning will end next Tuesday, Nov. 7, when the voters go to the polls in the general election and will punch their choices on a lengthy ballot.

In addition to partisan candidates for office, ranging from president on down, the voter within the city limits of Campbell has also to make a decision on 22 state propositions and one county measure.

San Jose voters have six additional measures to ponder and there is a regional park issue that faces a big portion of the county voters (Campbell excluded).

Other cities and school districts in the county also have special issues or bond proposals on the ballot.

Three assembly districts touch Campbell, 22nd, 24th and 25th, so the Campbell citizen's ballot varies.

Latest registration figures show that there are 12,248 registered voters within the city limits, with 6,954 Democrats and 4,244 Republicans. There are also 67 Peace and Freedom party members and 48 American Independent.

City hall wing gets Council ok

Plans and specifications for completing the engineering wing of the city hall, budgeted for $55,000 but estimated to cost $68,950, were approved by the City Council last week.

Included in the approved plans was the cost for enlargement of the duplicating room in the basement to allow for the installation of some special engineering equipment.

Although the Council approved the plans and specifications as presented by Bill Hedley, architect, councilmen expressed concern over the increase in cost ($13,950) for the wing since the budget was adopted.

When the city hall was built, it was decided to leave only the shell of the engineering wing and defer the interior improvement until funds were available from a special 12-cent tax levy. Last year the 12-cents went for furnishings of the city hall. The engineering department operates from the city-owned former "Scout Hut" on Third Street.

When the budget was adopted for the fiscal year 1972-73, in addition to the $55,000 allocation for interior improvements, another $20,-

(Continued on Page 2)

Editorial

An exception

Almost every school district board of trustees in the area, as well as the governing bodies of other public entities, have issued strong statements of opposition to Proposition 14 on next Tuesday's ballot.

Called the "Watson amendment" because of its sponsorship by Philip E. Watson, Los Angeles County assessor, the proposition suggests a tax reform that would relieve the property owner. However, it would merely shift taxes and it would cause fiscal chaos in in the operation of school districts, cities and other entities.

We concede that tax reform is badly needed. But the reform, as suggested in Proposition 14, in our opinion, is not the answer.

We therefore agree with the action taken by the various governmental bodies.

Because the various school districts and cities will be so adversely affected, if Proposition 14 is approved, we concede there may be justification for the official opposition by the governing bodies.

However, it is our opinion, that these "official" endorsements or oppositions by elective bodies in the vast majority of cases is an unwarranted exercise of their authority.

We endorse

(Candidates)

Next Tuesday, Nov. 7, the general election will take place and a president will be elected, along with various state and federal legislators.

In addition, the citizens of California will vote on 22 state propositions on the ballot, and in some cities there will be additional measures. There is one countywide proposition, "Measure A", for a sports arena and a district park proposal for specified areas (Campbell is not included).

Nationwide, of course, interest centers on the presidential race.

The Press recommends the reelection of Richard M. Nixon, Republican.

For congress as representative for the 10th district, The Press again heartily favors the reelection of Charles S. Gubser, Republican.

Gubser, an able legislator, has represented the 10th district for 20 years. He has high ranking seniority on the important Armed Services Committee and, in our opinion, he has served his constituents well in his long service in the House of Representatives.

The Press has endorsed and supported Charlie Gubser in every election that has been on the ballot. We are happy once more to do so.

For the 25th assembly district, we favor the reelection of Alister McAlister, Democrat.

In the 24th assembly district, we endorse Larry Fargher, Republican challenger of the incumbent, John Vasconcellos.

In the 22nd assembly district, we support Richard D. Hayden, Republican, for reelection.

For the 13th state senatorial district, we heartily endorse and urge the reelection of Alfred E. Alquist, Democrat, who, we sincerely feel, has proven his stability over a long period of public service.

We also favor the reelection of Victor F. Corsiglia, Sr., as director of the 2nd district of the Santa Clara Flood Control and Water District.

Supervisors who represent the Campbell area are not up for election this time. The Press is not making any recommendation for that office.

In review we note that in the six partisan races where we have been making recommendations, four Republicans and two Democrats have received our nod.

Incidentally, for the record, it should be explained that because of the peculiar meandering of the boundary lines, Campbell voters lie within three assembly districts. That is why The Press makes the three different endorsements.

Campbell is also represented by two state senators, Clark Bradley and Al Alquist, because of the twisting lines. Senator Bradley, however, is not up for reelection this year.

Quite obviously, these endorsements will not meet the approval of all our readers. Basically, it is merely a public report as to how we will mark our own ballot.

We submit that it is far more important for you to VOTE next Tuesday than whether you agree with our recommendations.

OUT ON THE LIMB

with George Vierhus

(Continued from Page 1)

gotiations will have on the presidential election picture sort of complicates all previous prognostications.

Recently in another one of those discussion groups comprised of individuals of almost every political hue imaginable, predictions of the outcome were quite freely bandied about.

It was candidly admitted, however, by those making their particular predictions that they hadn't the vaguest idea of what they were talking about.

It took an ardent pro-McGovern supporter, however, to find a common denominator of agreement for the group.

"I predict," he submitted, "that it won't be a McGovern landslide."

-0-

A MANIFESTATION OF pride in one's community was graphically demonstrated by Homer Hyde last week in a subtle but very effective manner.

Homer, a native of Campbell, who served for many years on the Planning Commission and then on the City Council, with one term as mayor, was appointed to the Bay Area Regional Water Control Board by the governor when he had completed his Council service. He is now chairman of that important and prestigious body.

Last Thursday, the board, its staff and all those who had business with the august group, met in the council chambers of Campbell's city hall in a day-long session.

The water control people have an important part to play in this ecology-minded age. Their authority and responsibility are really pretty awesome as far as the future of the Bay Area is concerned.

The meeting last Thursday in Campbell was attended by representatives from all sections of the Bay Area. The council chamber was filled most of the time during the day-long session.

The visitors had the opportunity to inspect Campbell's new civic facility and we assume they were suitably impressed.

Homer was on the Council during the planning and most of the construction era for the city hall. Obviously, he took pride in showing his fellow board members what his city has accomplished.

We suppose one could call him a "show-off" in this instance.

But that is the type of "showing-off" that we think is great for the community.

-0-

CITY COUNCILMEN, OF course, have traditionally been called "city fathers" so we guess it is permissable to call a city manager, a "city grandfather", especially in the case of Bob Stephens.

That is just our "subtle" way of reporting that Bob and Audrey Stephens are proud grandparents for the second time.

Miss Jennifer Ann Susterich, 7-lbs, 9-oz. made her appearance on Oct. 7 in Daly City where her parents, Mr. and Mrs. Pete Susterich and her sister, Michele, reside. Her mother is the former Pat Stephens.

Grandfather Bob seems to be holding up quite well.

-0-

A FULL HOUSE WAS ON hand for the variety show on the Friday night when the variety show, "This is Your Life, St. Lucy's", was presented in Kennelly Hall of the parish as part of the week-long silver jubilee program of events.

The parish did not have enough folding chairs to accommodate the anticipated crowd.

So, what happened?

Can't you guess?

Ben Gould came through and 200 chairs were borrowed from the Methodist Church for the event.

And no one seemed to mind sitting at the St. Lucy's show in the chairs marked "Methodist Church."

And it didn't seem to hurt the chairs any.

On the previous Wednesday, the Methodist choir had participated in the ecumenical service at St. Lucy's in which the Rev. Gould and three other Protestant ministers took part.

We think these ecumenical and/or neighborly acts are important steps in making for a better community.

But holy smoke!

Unfortunately they have been a long time in coming.

-0-

HOW TO REGULATE the signs of candidates running for office always seems to be a problem.

Some cities have stringent conditions with respect to candidate signs.

And some municipalities prohibit them altogether, although there have been moans from some quarters that such prohibition is unconstitutional or something.

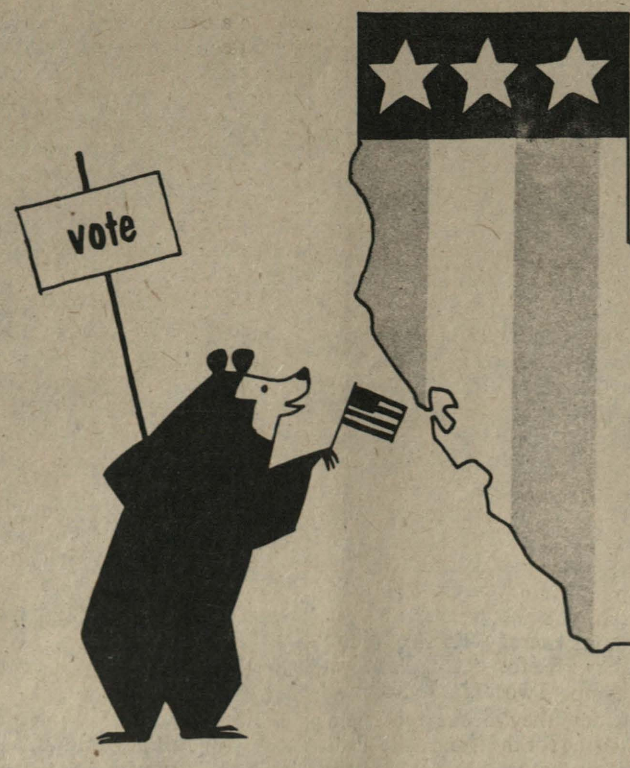
We make no brief for or against signs of that nature, except we always are skeptical of the reasoning behind the placing of the signs.

For example, we note in Campbell on one particular lot there were signs for two different assembly candidates.

What's wrong with that, you ask?

Nothing.

Except the candidates were running in different districts.



MORE ABOUT

City hall

(Continued from Page 1)

000 was allotted for furnishings in the wing.

Hedley explained that $5200 of the increase was for the basement area which was not in the original plans. He added also that there had been a number of modifications in the floor-plan of the wing and that an expected increase in construction costs accounted for part of the increase.

Councilman Dean Chamberlin expressed displeasure over the fact that the Council had not been informed until the plans and specs were up for approval that there would be such a substantial increase.

Other councilmen submitted that approving the "specs" and authorizing that it go out to bid did not mean that they were accepting any bids and that they still could turn down the bids if they were over the amounted budgeted.

OTHER ACTIONS

At the same meeting the Council approved plans for the Mervyn's Department Store to be located at 950 W. Hamilton.

Approved also were two prezoning ordinances for property being annexed (Shady Acres and White Oaks) and an ordinance modifying changes in residential zoning districts. The long-discussed land use amendments to the general plan also received the council's approval.

Fred Chez, local developer, who attended the Olympics in Munich and then later visited Vohberg, Germany (Campbell's sister city), reported on his trip to the Council. He presented a letter from the burgomaster of Vohberg expressing sorrow that the relationship between the two cities had not thrived.

CITY GOALS

Near the conclusion of the meeting, the councilmen became involved in a series of motions resulting in a difference of philosophy and concept of how the goals of the city should be set.

Councilman Norm Paul suggested that the staff prepare areas of concern as part of an overall "goals" program for the city. He said such issues as mass transit, parks and recreation and consolidation of services, that would make an impact on the citizens of the community should be considered.

He also suggested that the Civic Improvement Commission be directed to take steps to develop the organization of the "goals committee" and the establishment of the goals for submission to the City Council.

He incorporated his suggestions then in a two-part motion which was seconded by Councilman Rusty Hammer.

However, Councilman Dean Chamberlin felt that the Council should not step aside in the setting of the goals. His amendment to delete the referral to the Civic Improvement Commission won the support of Mayor Bill Podgorsek and Councilman Ralph Doetsch. Paul and Hammer opposed the amendment.

The abbreviated motion specifying that staff prepare areas of concern from which goals would develop then passed unanimously.

MORE ABOUT

Study session

(Continued from Page 1)

that interest could be stimulated among the youth, if better communications were established.

They maintained that many were unfamiliar with the city activities but would become active once they learned they could have a voice through the Youth Commission.

One of the suggestions offered by members of the youthful audience on Monday was that efforts be made to explain the part the young people could play in civic affairs in classes at the various schools.

Chairman Campos at the study session described the activities of the Commission since its inception and specified some of the problems that the group faces in attempting to stimulate interest.

Among those taking part in the discussion were Ben Golo, student body president of Prospect High School, Tom Askeland, of Campbell High, and Kay Hofer, of San Jose State.

However, junior high repjority in the audience. Blackford Junior High led with 10 in attendance. There were eight from Castro Junior High and Campbell Junior High had two.

Campbell High was represented by seven and Prospect by five.

There were no representatives from Westmont, Camden or Del Mar High Schools or West Valley College.

City Council members indicated that they would not take any action on the new ordinance until it was reviewed by the young people at the Nov. 15 meeting.

But the councilmen also seemed to agree that the attendance at the study session was definite evidence that interest in Youth Commission had been stimulated.

Mayor Bill Podgorsek and Councilman Rusty Hammer were especially enthusiastic as to the future of the Youth Commission based on the response on Monday.

Lettuce

(Continued from Page 1)

told the board that the conference was important and that arrangements were made to send representatives from the seven schools that were basically "models."

He submitted that it was planned that the teachers in the different schools would select that school's representative and added that perhaps the teachers of Monroe School where Martin teaches, would select him.

Herb Wadley, president of Campbell Elementary Teachers Association, told the board that he planned to attend but that CETA was paying the expense. However, he added, that he agreed with the WVFT request that the district should pay their way.

Steinberg then moved, with MacQuiddy seconding the motion, that the district pay the expenses of the representatives.

However, the motion lost because of the 2-2 deadlock.

Steinberg and MacQuiddy voted for it with Dr. Bob King and Mrs. Judy Ruscigno opposing. It was estimated that it would cost the district $330 for the representation as specified.

After the vote, both Martin and Wadley raised the question of whether this was a new district policy and emphasized that the district had paid the expenses of administrators to conferences in the past.

OTHER MATTERS

In other matters at the board meeting, a change in architects for the Hazelwood School addition was approved and C. E. Bradley, business manager, reported that the deadline for completion of the Quito School office and addition was still Nov. 15 but that there was a problem in obtaining certain materials to finish the job.

For the Hazelwood addition, the services of architectural firm of Allan M. Walters & Associates, that had been given the job originally, were terminated and Higgins & Root took over.

The board also learned of the various alternatives that had been proposed by the state for alleviating the noise problem at Moorpark School, review them and report later to the board. Under new state legislation, the state is expected to pay for the noise abatement measures.

College plans

West Valley College's governing board has nearly completed the administrative reorganization plan adopted last spring with the appointment Thursday evening of Dr. Gerald V. Sharp to the post of director of educational development.

His appointment becomes effective Nov. 1.

Sharp, 37, has served for the last three years as senior educational consultant at Westinghouse Learning Corporation, Palo Alto.

Prior to this, Dr. Sharp was assistant professor of education at East Michigan University. He has also spent four years as a practicing architect and an additional four years as an architect in urban planning in Ann Arbor, Mich.

His educational background includes a B.S. degree in English literature, and a master's and doctorate in curriculum development, all from the University of Michigan.

State asks bids on 17 landscaping

Bids will be opened November 8 in Sacramento for highway planting for about a mile of Route 17 in Campbell. Work limits extend about a half-mile on either side of the Camden Avenue undercrossing.

Trees, shrubbery and ground cover will be planted to harmonize the area with the landscaped Los Gatos Creek parkway.

An irrigation system will be installed as part of the project.

About $166,000 is available for the planting.

Passing the Buc

by Sandy Mann

FOOTBALL— THEY GOT SPIRIT

Most sports writers are fair weather friends--the first to praise when a team is successful, the first to condemn when things go wrong.

I admit that I have been worse than most with our varsity football team, and have not given them credit for the hard work and tremendous improvement they have made in behalf of Campbell High.

And in light of their 12-0 stomping of Del Mar a couple of weeks ago, I spoke to one of the varsity coaches, Al Mathews, to take a contemplative look backwards, and an optimistic look ahead for the Campbell Bucs.

"We've got the talent and the determination," remarked coach Mathews. "What we're looking for now is consistency."

It seems that with the early games, either the offense or the defense broke down. "But against Del Mar," he said with a grin, "everything came together."

"We were hitting hard, we had scoring power, and our defense was great. Now we've got something we didn't have before. The drive to move the ball. "We're looking ahead of the ball, and anticipating their plays. Camden is a tough team, but I think we can beat them", remarked the coach.

All of the players deserve credit for the win, but some extra-specials that deserve recognition are Rick Neilson, Dan McGuire, quarterback Jim Oswald, and receiver Rich Kennedy.

These guys and all the others are out on that field, rain or shine, five days a week doing exercises that I wouldn't prescribe for a prisoner of war camp. Two, three, four hours a day they're out there, preparing for the games like gladiators before battle. And the work has started to pay off.

There are three games to play before the big one at Los Gatos--Camden, Branham, and Westmont. Coach Mathews seems to think that we can win them. So do I.

ATTENTION ! SPECIAL ANNOUNCEMENT

I am an incredibly slow typist. So as a result, my articles are usually incredibly late. And since I would feel very guilty if I drove my editor to a nervous breakdown, I have decided to share my column with someone who is infinitely more competent than I, and will be Passing the Buc for me every other week. So there's no cause to rejoice when you see the smiling face of Lynne Hermle next week instead of mine, 'cause I'll be back, my friends, I'll be back.

CALENDAR OF EVENTS

Wow! Where does the time go? November already? This is going to be the month that counts. There'll be swimming finals, tennis finals, the Thanksgiving day game, and cross country finals. Plenty of excitement that you won't want to miss.

On Wednesday, Nov. 1 at 2 p.m. is girls' sports swimming junior/senior trials--we'll swim

AT 2:45 on Friday is Var circles around 'em, right? Right! At Camden.

Thursday at 3 is frosh-soph football at Camden, and cross country with Los Gatos, here.

At 2:45 on Friday is Varsity football at Camden and cross country against Los Gatos, here.

On Saturday at 1 is Girls' Sports swimming at Camden, and tennis at Branham and Leigh.

And finally on Tuesday at 2 is Girls' Sports Finals at Leigh, and at 2:30 are the Cross Country Finals at Saratoga.

Ed. Note:

We think Sandy is a little hard on herself and we also think that she has gone to a great deal of independent research on her "walking the plank." In these days when too many people depend on hearsay, her initiative is refreshing.)

WALKING THE PLANK
(an editorial)

Last week in Walking the Plank I stated that our school spent far too much class time taking roll. Because tearing something down never helped anything, I now present some suggestions for shortening the useless time spent in the classes taking roll.

We can approach this from three levels; changing state law, developing new attendance techniques, or making what we've got work.

The hardest way is to fight city hall. Write your assemblyman in Sacramento and pressure him to propose school financing reforms.

Perhaps the rules could be changed so that a school would be paid in proportion to the total number of students in attendance per week.

This way, only "check ins" and "check outs" would need attention.

The second way is to devise new ways to deal with the existing state laws. A suggestion has been to work on a "time card" system. Each period as the student enters class, he would find his card and punch it with the machine in the classroom that is hooked up with the dean's office that would automatically record attendance and tardies.

The problem with that is money. It would take far too much to make it practical.

Another suggestion, proposed by Howard Allen, a french teacher, would be for each teacher to make a ditto of his classes, and each period, quickly check off the names of those that are absent and that ditto sheet would be collected and sent to the dean's office.

Unfortunately, because there is a high transfer rate in many classes (English, P.E. and history), having to add many extra names every period would quickly make matters worse. But if the bugs could be worked out, it is a very practical solution.

The third alternative is to make our present attendance system faster. For this I spoke with Lee Cunningham, the girls' dean. She has been working very closely with the attendance problem.

Theoretically, Campbell's system is designed to aid the teacher, in that it should cut down on paperwork, and give an accurate picture of each student's daily class attendance.

But its success depends on having each and every teacher turn in an absence listing. Because if one teacher doesn't "take the time" to do this, there will be thirty or more students scattering to all parts of the school the next day with an unrecorded status.

And if there is MORE than one teacher not taking roll (the situation is improving every day, but...) then it is completely unworkable.

Of the three ways to approach the time-attendance problem, the third is the most likely to succeed. If it does, attendance time in the classroom should be cut in half. If not bedlam.

All it seems to take (according to Ms. Cunningham) is a "100% commitment to a simplistic process that will bring the teachers back to what they are designed for--teaching, and not secretarial bookkeeping." Well, what are we waiting for?

FAMILY FUN NITES

A new program series has been developed for the young movie watchers in San Jose. The program, called Family Fun Nites, has award winning films available to the public.

Beginning Tuesday, Nov. 14 at Homestead High School and every following Tuesday of each month, Walt Disney and National Geographic films will be shown. Children's prices are 25-cents, adults, 50-cents.

Westmont Open Mouth

PAUL & MS. MAUREEN
(Macierz) (Hillyard)

Paul: Whew! Maureen, what's coming off around here? What are all these people doing all over your house?

Sybil Horne: All right, sisters, get started on those campaign posters! I need 30 of them done by 3:30 - so get moving! Out of my way buster.

Paul: What is going on? Who is that chick in the football jersey?

Sybil Horne: Buttons! I need buttons!

Ms.: Oh, there you are. Guess what--I'm running for president.

Paul: Of the United States?

Ms.: Stupid male, of course of the U.S. ..... I'm a write-in candidate for the Women's Lib Party.

WRITING WARRIORS

The Shield, Westmont's own newspaper, has started off this year with more general excitement than was ever generated in past years.

Handling this literary bundle of energy are editor-in-chief, Mike Thompson and managing editor, Don Martin.

Mark Riggle tackles the job of sports editor and Nish Newbury flashes around campus as photo editor, along with a varied assortment of page editors and reporters; advised by "Darkly Handsome" Brian Christeson.

Paul: Are you serious about this campaign business?

Ms.: Yes, I want you to meet my campaign manager, Sybil Horne.

Sybil: Hey brother, welcome to "the cause". We're going to get Sister Maureen elected.

Paul: Maureen, when did you become a nun?

Ms.: We in "the cause" refer to ourselves as brother and sister to promote a feeling of unity and understanding between.....

MARJOE

Through the Peninsula Adult/Youth Film Council, we will be reviewing current and upcoming movies which might be of interest to you.

"Marjoe" is a documentary film made by and about Marjoe Gortner, when the 24 year old evangelist made his final tour.

Marjoe started preaching at the age of four, when he was ordained a pentecostal preacher.

It is a real and thought-provoking film with footage of Marjoe as a boy, prayer meetings, interviews, and scenes from both sides of his lives, as a cool agnostic and a part of the big time religion game.

Ms.: ...and to further our goals in "the cause."

Paul: What's the cause?

Sybil: Maureen for president! Right on sisters!

THIRD PLACE

Let's hear it for the Westmont Varsity Football team Varsity gridmen shut out two in a row, tying Westmont for third place in league standings.

At press time the fighting warriors are hoping for a third victory over Los Gatos after smashing both Branham and Prospect.

Sybil: You know, brother, you've got a kind of stupid and unbelonging look on your face.

Paul: Well, I may look stupid and unbelonging when I'm supposed to be here, but at least I'm not the castrating female you are.

Sybil: Mad dog oppressor! Chauvinist!

Ms.: All right, enough of these Sybil-ing rivalries.

Sybil-Paul: oooooh! ugh.

UPCOMING EVENTS

Cross country will run against Del Mar tomorrow, November 2; Girls' Tennis meets with Branham, November 3; Varsity and Frosh-Soph take on Blackford tomorrow and Friday. Buy an A.S.B. card and support Westmont, only 9 bucks. Don't forget to vote for the candidate of your choice next Tuesday.

Sybil: Write in Ms. Maureen for president and get a sister in office.

Paul: But I still don't understand why anybody would want a nun for president.

Ms.: I am not a nun!

Sybil: What's the matter with a nun?

Paul: I've had enough of you messing up this column, you mini-Gloria Steinem, you mini-brain!

Ms.: Cool it, both of you, you're the most violent pacifists I've ever known.

EGO CORNER

This week we deposit ego corner to Robbie "Rubby" Faulconer, the editor of Westmont's yearbook, the Poniard. In her second year on the staff, Robbie has taken over the responsibility of producing a yearbook that is bigger and outrageously better than in the past years.

Ms.: Paul, if you were eighteen, would you vote for me?

Paul: I wouldn't waste my vote.

Sybil: I knew it!

COMPLETES COURSE

Private James T. Wilson, son of Mr. and Mrs. Calvin D. Wilson, 139 W. Rosemary, Campbell, recently completed a 13-week still photography course at the U.S. Army Signal Center and School, Ft. Monmouth, N.J.

Pvt. Wilson entered the Army last March and completed basic training at Ft. Monmouth.

The 20-year-old soldier was graduated from Campbell High School in 1971 and attended Ricks College, Rexburg, Idaho.

*CHUCK ROASTS
USDA Choice Beef, Bone In—Lb. 68¢

*PLEASE NOTE:
Safeway includes the 7-Bone cuts at the Same Low Price

PERFECT EATING MEAT EVERY TIME

USDA CHOICE BEEF Every roast, every steak, every beef cut is from USDA Choice beef. It is awarded that grade by official United States Department of Agriculture meat experts, who are the recognized authorities in grading beef. All Safeway pork, lamb, veal and poultry are also top quality!

AGED FOR TENDERNESS Safeway beef receives scientifically controlled aging for just the right number of days to reach peak of tenderness and flavor.

CAREFULLY TRIMMED Our famous method of close-trimmed meat removes excess fat and bone. You get more meat to eat for your money and meat that cooks just right.

SPECIAL CUTS If you need meat cut a special way for your recipe, just ask one of our meat experts and he'll be happy to prepare it just as you want it.

MONEY BACK GUARANTEE If for any reason you are not completely satisfied with any purchase of Safeway meat, just tell us and get your money back. Exceptional thing about our guarantee — there are no exceptions!

Unusual crafts featured at weekend fair

An American Crafts Fair, complete with jugglers, strolling minstrels, a puppet show, and a mime, will be held at the Valley Fair Shopping Center on Stevens Creek Blvd. this Thursday through Sunday.

Working on their crafts at the Fair will be over fifty top quality artisans from throughout the state. Demonstrations of glass bending, hand weaving, lost wax process jewelry making, stained glass window design, and many other intricate crafts, will be held periodically during the Fair.

Any group who would like to arrange for a tour through the Fair should contact Mr. Jerry Booker of the Valley Fair Center, at 248-4450.

GLASS ART--Tom Rodriguez of Los Gatos, a stained glass artist, works on a decorative window he will display at the craft fair at Valley Fair Thursday through Sunday.

POTTER'S WHEEL--Making the clay come alive on his wheel, Robert Schnell fascinates a young onlooker. Schnell will participate in the American Craft Fair at Valley Fair shopping center Thursday through Sunday.

WEAVER'S WARES -- Inkle loom belts, displayed here by Maureen Dobson, are some of the many handwoven textile items which will be on display at the crafts fair at Valley Fair this week.

AFGHAN AT BAZAAR--Mrs. Jack Mardesich, Mrs. John Scarpace and Mrs. Ann Casey, left to right, are holding one of the lovely items which will be on display at the St. Lucy's Y.L.I. bazaar which will be held Friday from 9 a.m. to 9 p.m. at the church hall. Mrs. Mardesich is general chairman.

Grange hold bazaar at hall Saturday

Orchard City Grange will hold a bazaar on Saturday, November 4, from 9 a.m. to 5 p.m. in the Grange Hall, 109 N. First Street.

A food counter is planned and many gift items will be offered for sale.

At a recent Grange meeting, Master Charles Carter presided. Highlight of the meeting was the report of the state convention at Sacramento. Four degrees were conferred on new members by John Buck of Mt. Hamilton Grange and refreshments were served by Mrs. Myrtle Rhinehart, Ellen and James Arnold, Jonnie McFall and Carter.

HOLIDAY HANGERS--Two workers on the Y.L.I. bazaar, Mrs. John Scarpace, bazaar co-chairman and Mrs. John Mardesich, chairman, work on decorative clothes hangers for the Y.L.I. bazaar on Friday.

4H CLUB

by Dena Stippich

The first two meetings of the Campbell 4-H Club were held at Coventry School on Sept. 29 and Oct. 13.

New officers who were elected at the first meeting were initiated by Mr. George Voss at the second meeting.

The officers are as follows: Lynn Smith, president; David Cassingham, vice-president; Cindy Peterson, secretary; Bret Bauer, treasurer; Dena Stippich, reporter; Sharon Cassingham and Colleen Clancey, song leaders; Nora Smith and Marian Kamlin, recreation.

Mrs. Jack Smith was introduced as the new club leader and Mrs. Craig Smith was introduced as the new jr. leader advisor.

At our first meeting Lynn Smith reported on the annual 4-H meeting at Davis which she and Kathleen Clancey attended. Nora Smith presented some plans for this year's activities including "Adopting Grandparents." Club members will visit patients in a convalescent home monthly. The projects this year may include "The Raising of Tropical Fish."

New members who had been introduced at the September meeting were led in the 4-H by David Cassingham during the October meeting.

At the October meeting Lisa Von Uhlit told of her experiences at a horse show in which she came home with first, second, fifth and eighth placings. Plans for the Hallowe'en Party for club members, to be held October 27, were outlined by Dena Stippich.

The next meeting which will be November 9 will include Parliamentary Procedure.

Y.L.I. has bazaar all day Friday at St. Lucy's

St. Lucy's Institute No. 204, Young Ladies Institute, will hold a holiday bazaar on Friday, Nov. 3, from 9 a.m. to 9 p.m. at St. Lucy's Hall, 2350 Winchester Blvd.

General chairman is Mrs. Jack Mardesich, who will be assisted by Mrs. John Scarpace.

Mrs. Frank Ambrosini is in charge of the kitchen which will feature pizza, donuts and coffee. There will also be a bake sale, arts and crafts and a white elephant table.

A hand-knit afghan is slated to be raffled during the evening, according to Mrs. Mardesich.

UNUSUAL CRAFTS --- Mrs. Edward Spehar shows some of the lovely crafts which the bazaar at St. Lucy's Hall, 2350 Winchester Blvd. will have on Friday from 9 a.m. to 9 p.m.

Youth and Experience

RE-ELECT
CHARLES S. GUBSER

President Nixon
vs.
Senator McGovern

(Or, change that will work vs. change that won't work.)

President Nixon's idea of change is orderly—and works. Senator McGovern's ideas about change can easily prove chaotic—and won't work.

Under President Nixon, America has become quieter than it was in 1968. Our campuses are back to scholarship. Our cities no longer have frequent riots. The drug traffic into America has slowed down. Last year, for the first time, 80 major cities reported a decrease in crime. Funding to save our environment has increased 500%—and the effects are beginning to be felt. The door has been opened to China. A limited arms treaty has been signed with Russia. Half-a-million Americans have been brought home from Vietnam.

There's much, much more. All of it *change*. But *orderly* change. Compare this change, the change we have had under President Nixon, with the change we could have under Senator McGovern. Many already have. And they're among those saying that America needs President Nixon—now more than ever.

President Nixon.
Now more than ever.

(Remember that on November 7th!)

Paid advertisement—published and paid for by the Finance Committee to Re-elect the President,
M. H. Stans, Chairman, C. L. Washburn, Deputy Chairman, P. E. Barrick, Treasurer, 1701 Pennsylvania Ave. N. W., Washington, D. C.

Church finds it is an activity center--weekdays

MATH SALES---Donna Baird, a math "salesman" for Metropolitan Adult Education Program, demonstrates for students the simplest ways to figure sales charges.

The Congregational Church of Campbell resembled a beehive last week.

As opposed to the days when churches only "came alive" on Sunday mornings, this modern center almost needed a traffic cop for a few hours last Wednesday and Thursday.

The first outside group to use the church classroom during the week on a regular basis was the pre-school parent participation nursery which started ten years ago.

Then came the daily use of Bennett Hall by the adult education department, which conducts classes for the foreign-born.

Meantime, an Alcoholics Anonymous group which meets weekly expanded into two groups (and currently meetings are held for various AA groups each night of the week and on Saturday).

A year ago, another nursery use was housed at the church, a county board of education day care center.

Finally, last week, the newly constructed fellowship center was pressed into emergency use when 144 students scheduled to attend Metropolitan Adult Education Program's free Christmas sales training program were suddenly without a classroom.

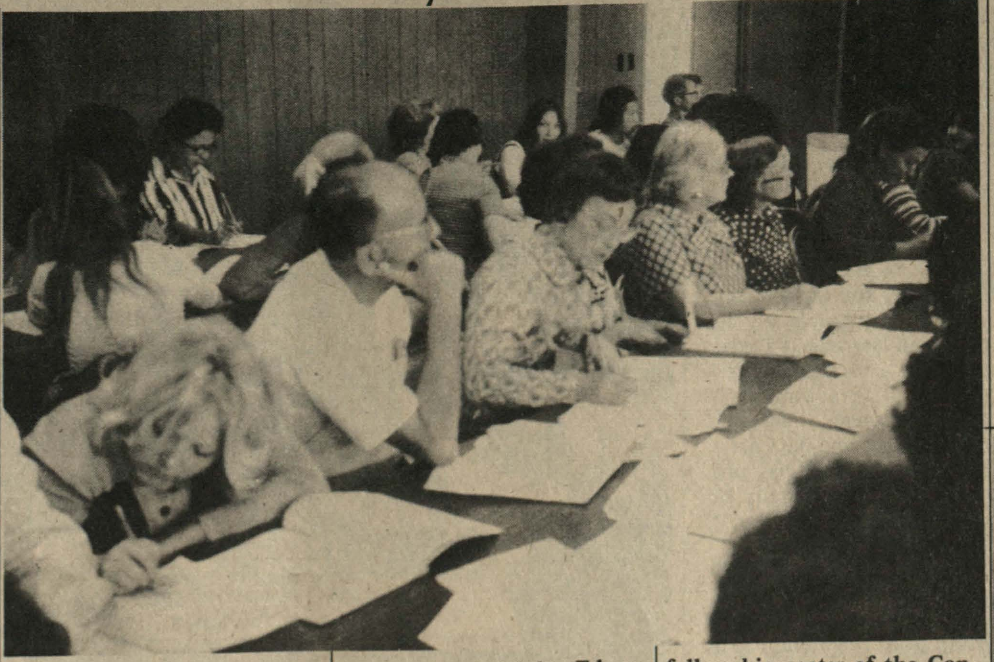
The training program had been slated to be held in a savings and loan association building, but the accommodations were not large enough, so a dozen phone calls to various organizations produced the church hall at nine o'clock the previous night.

Without ways to notify the students, adult education officials stationed themselves at the previously announced site and students doubled up on rides to drive to the church.

The resulting two-day seminar, dubbed their "most successful" by Bruce Moritz, adult education department head, was made possible by the cooperation of the church.

Of the students who traditionally enroll in this class, about 80% pass the final test and are employed as holiday sales personnel, says Moritz. Of those, about 50% remain in the major department stores.

Some stores have told Moritz that a large part of their sales force is made up of "graduates" of the program, which has been conducted for 25 years in the area.



EVEN MEN---Salesmen are important in holiday sales and about a dozen enrolled in Metropolitan Adult Education's free Christmas sales training program held at the fellowship center of the Congregational Church of Campbell.

PACKED HOUSE---Adult education students listen attentively as a teacher in the Christmas sales training program makes a point on salesmanship.

P.T.A. News

CAMDEN HIGH SCHOOL

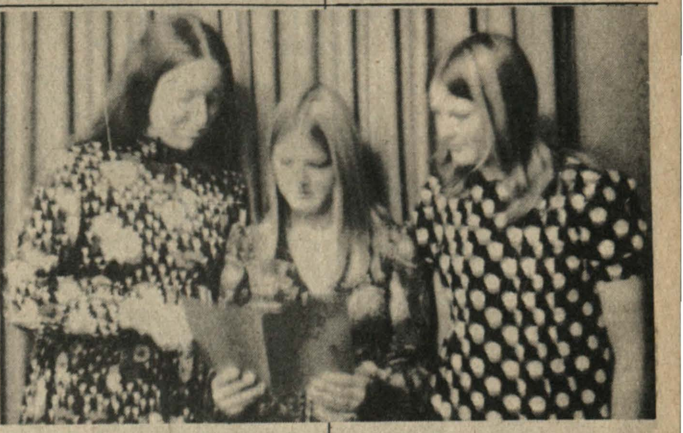
The Camden High School P.T.A. will have their second annual spaghetti dinner on Wednesday, November 8 from 6:30 to 8:30 p.m. Prices, adults $1.50, students with ASB cards $1.00 and children 75¢.

As an added attraction there will be films shown on the campus dealing with career planning and colleges in the west.

The P.T.A., the home economics department and the G.A.A. are participating in a fund raising program dealing with felt calendars. The enthusiasm from the participating groups has shown an "all for one and one for all" involvement.

The Camden Booster's Club and the P.T.A. have donated swim suits for the G.A.A.

There will be an executive board meeting on November 1 in room 6 at Camden at 7:30 p.m. B. Baldwin will speak this evening regarding new graduate requirements.



FASHION SHOW --- Job's Daughters, Lyn Stone and Kim Stone discuss their plans with Michele Teal, junior princess of Bethel No. 298.

"Autumn Wonderland" is the fashion theme this year to be held at the Cambrian Park Methodist Church social hall, Nov. 4 from 12 to 3 p.m.

The Ladies Luncheon League is serving the lunch and the fashions are from "Hers" in Old Town in Los Gatos.

WHERE'S CHARLEY?
HE'S MISSING IN ACTION

CHARLES GUBSER DID not participate in voting for the first session of the 92nd Congress (1971) an astounding 43 per cent of the time. When he was present, his votes supported continuance of war, opposed consumer interests, retarded the fight against pollution and opposed necessary aid to education.

• WHERE WAS CHARLEY WHEN YOU NEEDED HIM?

Frank Gillette
ON THE ISSUES

- End our involvement in Southeast Asia. Halt bombing immediately. Agree on exchange of POWS.
- Guarantee the rights of all Americans to job of dignity and worth.
- Reduce deficit spending. Strengthen price guidelines. Reduce costs of home mortgage loans.
- Extend consumer rights. Penalize producers who destroy the environment.
- Increase social security payments to guarantee decent living standard. Permit social security recipients to earn up to $4,000 annually.
- Work vigorously for principle of recomputation for veterans. Establish National Cemetery in or near Santa Clara County.
- Increase water supply to areas of human need while protecting areas of water source. Reduce noise level. Protect timberlands.
- Establish broad federal health insurance plan for all Americans.

Gardeners get ready for holiday decorations

Campbell Garden Club will meet Wednesday, November 8 at 10:30 a.m. at the Congregational Church of Campbell, 400 W. Campbell Ave.

Demonstrations on holiday decor will be given by Mrs. William Morgan.

The club recently held a Christmas workshop at the home of Mrs. Lou Marotti.

Each meeting will feature a plant exchange and horticulture discussion, according to Mrs. Alma Moore, publicity chairman, who stresses that visitors are always welcome at the club meetings. Mrs. Stefan Fursh, 248-4833, is available for further information.

TOUR. . .THE DAY AFTER

Last night's ghosts and goblins weren't enough for at least one cub scout group.

Den One of Pack 330 are spending this afternoon at the errie Winchester Mystery House, according to Den Mother Pat Mercer.

Open classroom allows student choice of education

by Barbara Boer

Two unique experiments have developed at the Castlemont Elementary School in Campbell.

Students now have the chance to enhance their learning ability through a program designed on individual study according to each child's ability, interests and experiences.

The first program of this type began last year at Castlemont with a total of 60 sixth graders taught in a team teaching environment. Reports were favorable and the Castlemont teaching staff has proposed that the program be enlarged to cover 180 fourth, fifth and sixth graders.

To begin the program each student was tested on major subject areas and placed on a starting level according to his own ability.

From that point the student is on his own to develop his own responsibility, rate of learning and judgment of how well he has progressed, with the help of the team teachers.

Most learning is set by the child but for broader concepts in social studies, science and other related subjects, the classes are taught in discussion groups, enabling more open responses to learning, and mutual understanding and helping in difficult areas.

The second unique experiment in this program is the total depletion of grades.

Students are encouraged to work toward an understanding and mastery of the material as an end in itself.

They are allowed to check their own work, therefore receiving instant feedback.

The student confers with the teacher on his individual progress checking if he has truly grasped a concept or must continue to practice or review.

He evaluates his progress and attempts to balance his work to cover a reasonable number of activities. He also decides what optional projects he will undertake in addition to his schedule.

The general room atmosphere is relaxed and open. Students can choose where to sit, to study in groups or alone, and choose the media that he prefers.

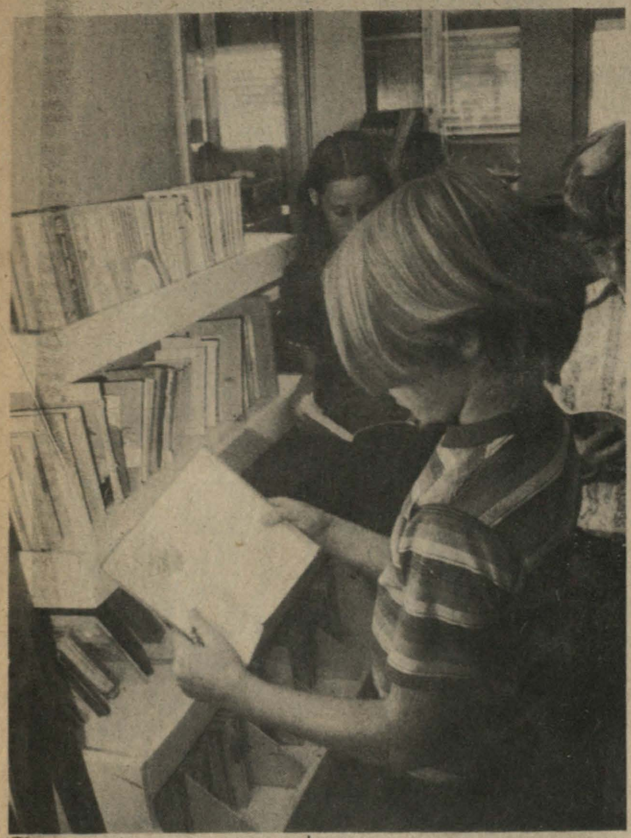
The multi-media teaching is not relatively new but in this case students are allowed to use the facilities and decide what method is best for them.

This open approach includes tapes, charts, movies, cassettes, overhead projectors and the commercial teaching kits which provide the student with an ample supply from which to draw.

As the year progresses new equipment and a larger selection of materials will provide the basics in education to the students of Castlemont.

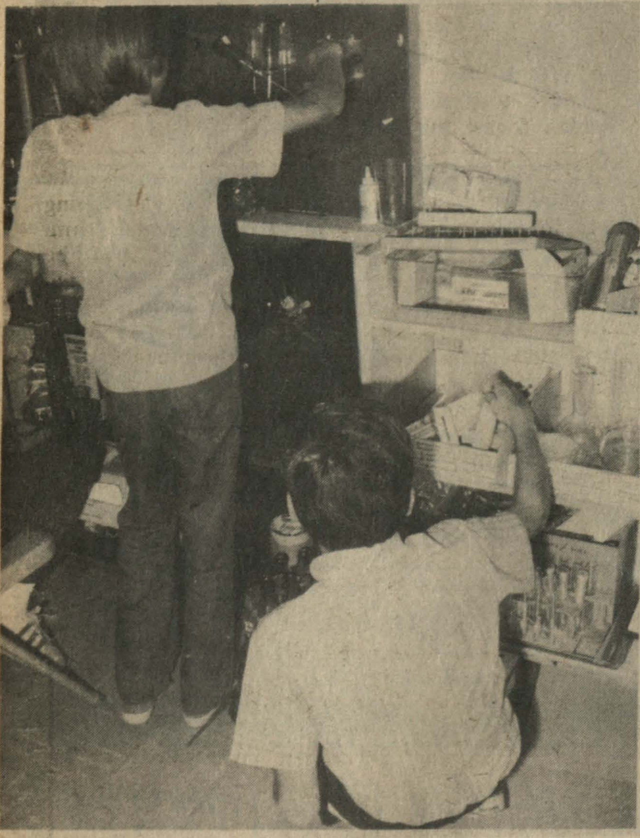
The volunteer work in preparing the programs for the students seems to have been beneficial.

Mothers in the area have devoted their time and talents into the program enabling the eight team teachers to organize their supplies and labs for a more efficient educational environment.

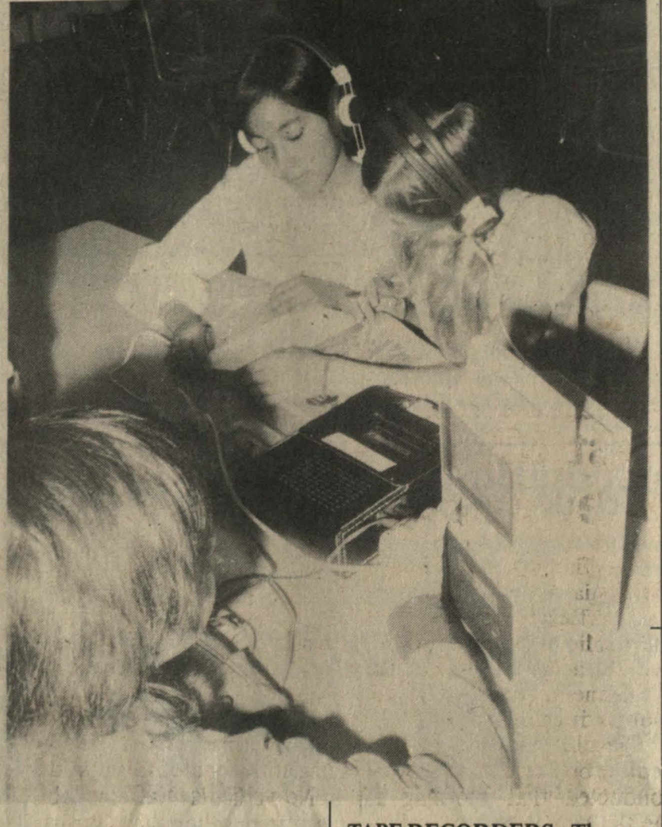


PAPERBACKS --- Castlemont School has an open library full of paperbacks of all varieties. Mike Cullerton, Danny Peck and Lynn Grinter browse through the many racks of paperbacks used in their open education program.

CRAFT TIME --- Volunteer mothers help the combined classes in an arts and crafts activity at Castlemont School. Daily activities are arranged by the parents and teachers before and after each class.



SCIENCE LAB---In the field of science, Art Oliver and Marc Dorsa select their materials for their next individual project at Castlemont School. This lab is open to any student for class projects or demonstrations as part of their open classroom program.



TAPE RECORDERS---The use of tape recorders at Castlemont School has encouraged more interest during study time with Kathy Kano, Lisa Minor, and Kathleen Oliveria. Head phones and viewer machines are always on hand, by checking them out in the supply center.

OPEN CLASSES---Students at Castlemont are free to choose what method of teaching is better for them. The classes are open and combined with fourth, fifth and sixth-graders. Study packets are shown on the front desk and available to each student.

Camp Fire Girls

by Ellie Rumbaugh

PLAY DAY

Approximately 400 Blue Birds and Camp Fire Girls of District Nine participated in a Play Day held at Vasona County Park in Los Gatos last Wednesday.

Mrs. Kay Cook and Mrs. Cecelia Bass, district program co-chairmen, and Mrs. Bev Sadler were the organizers.

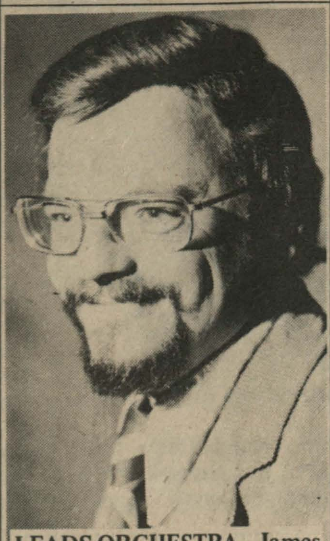
Some of the fifth and sixth grade Camp Fire groups directed the various games as part of their requirement for rank.

These were: fifth grade groups led by Mrs. Rose Seibert, Quito; Mrs. Fern Jolimay, Rosemary; Mrs. Miriam Murphy, Leitz; Mrs. Geneva Keever, Saratoga; Mrs. Darlene Guidas, Hazelwood; Mrs. Sach Ando and Mrs. Marge Bunyard, Foothill and Congress Springs.

Mrs. Dee Humphries' and Mrs. Shari McCloud's fifth and sixth grade combination group from Payne. Sixth grade groups were: Mrs. Shirley Bartel, Metzler; and Mrs. Lou Fuetaw.

One of the highlights of the day was a guessing game with the prizes of stuffed animals going to: First - Michele Abram, a fifth grader from Leitz School; second - Loren Barakaukas, a third grader from Congress Springs School; third - Sandi Duncan, a fifth grader from Forest Hill.

The afternoon ended with a sing-a-long.



LEADS ORCHESTRA---James Dyer, Campbell Union High School District music teacher, will direct the newly-formed Campbell Civic Actors Seminar Theater orchestra, which will be known as the Campbell Civic Youth Orchestra. Tryouts for the orchestra will be held Wednesday and Thursday, November 8 and 9 at 7 p.m. at Branham High School. For information, call Dyer at 268-2724 or 265-8440.

Campbell band goes to Berkeley

During the pre-game activities of the California-Oregon football game on Saturday, November 4, the Campbell High School's band will perform.

The band is one of 70 chosen from all Northern California to travel to Memorial Stadium in Berkeley to represent their high school in the 23rd Annual High School Band Day.

G & S fans urged to form fanciers group

The Gilbert and Sullivan Society of San Jose will hold its second organizational meeting on Tuesday, Nov. 7 at 7:30 p.m. at 222 S. Second St., in San Jose.

Musically or theatrically inclined people with a love for the Gilbert and Sullivan light operas who are interested in aiding this group to get started are encouraged to attend and express their ideas.

At this meeting, the formal structure of the organization will be set, and consideration will be given to the selection of an artistic director and a possible first production.

Among the G & S shows suggested have been "HMS Pinafore", "Pirates of Penzance", and "Utopia Limited".

For further information, call 267-3355.

Your man in Sacramento...

"He listens...he acts" – that's the way one Capitol observer summed up Senator Alquist's ten years of legislative service. He has given the people of Santa Clara County a *positive* voice in Sacramento.

Senator Alquist has sought to conserve and develop our human and natural resources in order to make our Valley and our State a better place to live for *all* our people – the "middle majority," as well as youth, senior citizens, and disadvantaged minorities.

He is the author of major legislation in the area of welfare and tax reform, equal education opportunity, rapid transit, election reform and consumer protection.

He believes we can protect our environment and jobs at the same time – and he's out to prove it.

Senator Alquist's record is one of solid accomplishment and courage to stand up and be counted. He deserves our continued support.

RE-ELECT SENATOR ALFRED E. ALQUIST

West Valley Sports

by Dick Sparrer

After the pre-season it looked as though it would be a building year on the West Valley College football scene.

And after the Vikings dropped their Camino Norte Conference opener to Contra Costa, even the most ardent of fans were beginning to think that a fourth straight title wasn't too possible for WVC. But don't you believe it!

West Valley stretched their win string to two straight last Saturday afternoon with a convincing 37-22 over Santa Rosa on the Bear Cats home field.

The Vikings now enter play at Marin this Saturday at 1 p.m. looking for their third straight to make their game with DeAnza November 11 at Buck Shaw Stadium the CNC decider.

In the Santa Rosa game, the Vikings were down 14-9 at the halftime break, but came back with a 22 point third period and waltzed to victory from there.

Joe Alvarez (Campbell) hooked up with two different tight ends to set up two of the touchdowns and Mike Montesano (Leigh) defensive plays really got things going.

Montesano recovered a Santa Rosa fumble and Alvarez hit tight end Gary Harris (Camden) to set up the first touchdown of the third stanza.

Alvarez ended the day with 10 completions in 22 attempts for 114 yards. He was intercepted once and tossed one td pass.

Sam LoBue (Campbell) was the leading pass catcher in the game, pulling down three for 37 yards.

WATER BABES

It's an important week for the West Valley College water-polo team even though they have only one game scheduled. But that one game will probably determine the Camino Norte Conference champion.

The Vikings play host to DeAnza on Friday at 3 p.m. in their Saratoga pool and both clubs take in unblemished league records.

SOCCER

A win or a tie in either of their last two regular season soccer games this week will secure the West Valley College Vikings a berth in the Northern California championship tournament for 1972.

The Vikings host Marin on Tuesday at 3 p.m. before visiting DeAnza Friday at 3 p.m. WVC whipped the Tars 3-1 the last time the two clubs met this year but were edged by the Dons 3-2.

A Jim Fox (Buchser) goal minutes after an Ohlone goal last week secured West Valley a 1-1 tie with the Renegades on the latter's home field. Fox came back on a break away just a few minutes after his goal but his shot barely missed the goal in his bid to secure a WVC victory.

Guy Hoosay (Leigh) tallied two and Jim Brown (Mitty) one as the Vikes shut-out Skyline 3-0 in a game earlier in the week. WVC led 2-0 at the half.

"Fox is giving us a good effort wherever he goes," praised Viking coach Dick Schwendinger. "So far he's been outstanding in three different positions." The coach also praised Rich Rutgers (Westmont) and Casey High (Saratoga) for top efforts.

RICKY TOP CUB OF THE MONTH

Ricky Campbell was honored as the outstanding cub of the month by Cubmaster Bill Winter at the recent meeting of Pack 330 at San Tomas School. Ricky received his bear badge and a gold arrow as well as his Webelos colors.

Other awards presented were a silver arrow to Billy Winter and three silver arrows to Charles Safford.

New Bobcats initiated were Harold Hoffman and Jimmy Sawtell.

Ricky Doughrty of Den One received his Denner bars and Stacy Halverson will serve as Asst. Denner.

Webelos Denner is Greg Norman and Ricky Kolacki is the new Asst. Denner.

The question of who discovered America, Christopher Columbus or Leif Erickson, was posed by members of Den Four. The skit, directed by Mara'd Van der Wal and Beverly Kissinger depicted the final result as a draw.

Den One, led by Pat Mercer and Carol Novak, performed a patriotic skit and displayed the four foot replica of a rocket made by the cub group.

Cubmaster Winter announced there are still openings for more boys, ages 8 to 10. For more information he can be reached at 378-6000.

GETTIN' PINNED--Jim West, left, congratulates new Lions Club member Joe Cefalu, as Bob Garcia, club president, offers Cefalu his membership pin. The club just completed work on the White Cane Day and is currently selling holiday candy.

DARTING AROUND

with Tom Carroll

Many interesting and varied events will be taking place this weekend. Foremost is the second annual tour of the Golden State Classic which makes the first of two stops at the San Jose Speedway, Sunday afternoon.

More than 50 drivers are entered but of most interest to this reporter is the fact that John Conley of Brighton, Mich. is among the entrants.

We saw John race many years ago in Indianapolis type cars in the 100 miler at the Milwaukee, Wis. State Fair Grounds. This race is always run the weekend following the "500".

In those days the rear engine car was just coming into its own so the majority of cars were of the old roadstertype. We understand that this is the same car that John will be racing this Sunday. It is called the "Flying Chicken Coop" because of its shoddy appearance.

SHOWMAN—RACER

John has a reputation of being a showman and I will attest to this. That first meeting with John reminds me of an interview I did with the late Eddie Sachs.

After spinning out in the number four turn at Indy, I asked Eddie what happened. He answered, "Well Tom, I have one philosophy. If you can't win, be spectacular." That was John Conley in that first race.

Only 22 cars start in the Milwaukee 100. The first 20 places are filled during the time trials. The remaining cars run a 20 mile consolation race with the first two finishers getting the last two spots in the 100 miler.

John did not make the cutoff. He ran in the consolation.

SPINS TWICE

John was a charger. He was in first place when he spun the car in the south turn. He managed to keep it off the wall and got the engine restarted while still rolling. He then charged back into the lead. By now everyone in the stands was on their feet, cheering him on.

He now looped the car in the north turn (to show the people up there how it was done). Again he kept it off the wall and rolling. Everybody thought that was it but not John.

He charged back up the middle and won a starting spot in the 100 miler. A racing experience that this reporter will never forget.

We will be at the San Jose Speedway Sunday to see if John is still the charger that he used to be. Even without John this would still be a race to watch. The open competition event (super modifieds, offset roadsters and super sprints) features top drivers from across the United States and Canada.

GRAND NATIONAL

In a sports area of a different kind is the rodeo and horse show affectionately known as the Grand National in San Francisco's Cow Palace.

Jumpers and Arabian Horses will be featured in this weekend's performances. Besides the regular rodeo events, the show is a tribute to the American Indian, featuring Sioux and Toas Indian Dances. The most spectacular performance is the dramatic dive from the top of an 80-foot pole by the Totonac Indian Flying Volandor Team.

MODEL RR SHOW

If you are a nut about trains and/or model building like I am you will want to see the show presented by the Garden City Model Railroad Club and the San Jose Parks and Recreation Department at the Leninger Community Center in Kelley Park Saturday and Sunday. The show will be open from noon to 5 p.m. both days and will feature operating layouts, clinics, contests and movies. Admission is free.

Bobby sox has winter sign-ups

Moreland-Campbell Bobby Sox League will be the name by which the former Moreland Bobby Sox will henceforth be known, board members decided in a meeting held recently at the home of Carol Casteel, president.

Plans for an instructional winter league were also set in motion with registrations to be held Saturday, November 4 at Castro Junior High, from 7 to 9 p.m. This will also register girls for the summer program, so birth certificates and fees will be required.

Approximately 300 girls are expected for the summer program and sponsors and boosters will be needed, according to Mrs. Chris Millich, 379-6584.

Future plans of the league include a newsletter which will be distributed to the girls and to the sponsors. Mrs. Virginia Kuschman, publicity chairman, will be in charge of the periodical.

Other new officers and appointed chairmen for the year are Don Wedel, vice-president; Mrs. Verda Nutter, treasurer; Mrs. Estelle Casey, secretary; Mrs. Gen Silva, player-agent; Derry Kuschman, umpire-in-chief; Richard DeParius, safety coordinator; Mrs. Pat Drengacz, equipment.

Bill Blockie, field maintenance, Mrs. Bev Kephart, ladies auxiliary and candy chairman; Mrs. Erma Malsom, snack shack; Mrs. Marge Alias, pictures; Mrs. Mimi Loupe, parent help coordinator, and Mrs. Joan Blandford, trophies.

GAME FOR GOOD CAUSES-These employees of The Good Samaritan Hospital of Santa Clara Valley (left to right), Lucia John of medical records, Mary Doten of X-Ray, and John Falk of housekeeping, are getting in practice for a Saturday (Nov. 4) evening game against a doctors' team. This fund raising event will be at 8 p.m. in the Leigh High School Gymnasium, 5210 Leigh Ave., San Jose, and will be open to the public.

VOTE !! TUESDAY

First 67 miles of state bikeway opens on Saturday

The first 67 miles of the California Aqueduct Bikeway was officially opened to the public on Saturday, October 28, according to William R. Gianelli, state water resources director.

Gianelli said that special dedication ceremonies were conducted that morning at the Bethany Reservoir facility of the State Water Project near Tracy.

"This is the first reach," said Gianelli, "of a bicycle trail which we eventually hope will extend along the more than 400 miles of the Project's three aqueducts.

"Public recreation is a basic purpose of all of the facilities of the State Water Project," he continued, "and we intend to expand the recreational opportunities as often as we can."

The 67-mile stretch of the bikeway begins at the reservoir near Tracy and extend to near San Luis Dam in the Los Banos area. The route runs through parts of Alameda, San Joaquin, Stanislaus and Merced Counties.

Road surface on the bikeway is excellent, with a practically flat terrain having a slope of less than one-half foot per mile and completely surfaced. The Department of Water Resources is providing rest stations and water facilities along the route, along with special gate crossings designed specifically for bicyclists.

For the past six months, the Department has been working closely with California bicycle clubs to design and equip a trail that would meet the needs of the ever-growing bicycling public.

Camping and fishing facilities are already available at the San Luis and O'Neill reservoirs and others are proposed at Bethany Reservoir and at Orestimba nad Ingram Creeks in Stanislaus County. Two fishing access sites are already operating in the reach of the California Aqueduct which will be opened to bicycling at the end of this month.

No vehicular traffic will be permitted other than department maintenance vehicles and the trail will be open only to bicyclists and hikers.

PHYSICAL ED?

Is A-period (7 a.m.) physical education really necessary, and properly utilized?

That is the topic for open discussion at the next Campbell High P.T.A. board meeting, Wednesday, Nov. 8, at 8 p.m. in the Campbell High teachers lounge. All interested parents are invited to attend.

The Campbell High administration and several coaches will also attend to weigh the advantages and disadvantages of the early P.E. period required for those boys in sports.

HONORED—Alice and Jim Phillips, are presented with a plaque of appreciation by Ken Jercha, president of St. Lucy's Youth Council, at a regular meeting. The inscription reads: To Jim and Alice Phillips, From Your Second Family. The 50 active members of the council held an appreciation evening for the young couple, who have been advisors to the group since it's formation four years ago.

ST. LUCY'S

YOUTH COUNCIL REPORTS

by Tom Provasi

St. Lucy's Youth Council has been busy building a barbeque pit for the Silver Jubilee. It was used in last Sunday's barbecue dinner.

They have also just finished painting the Annex in Kennelly Hall, The building of the barbecue pit was led by Joe Minnina and Bob Guardino.

Many of the following Youth Council members helped in on the barbecue pit and the painting of the Annex. They were: Ken Jersha, Paul Valdevia, Jim Philips, Pat McKinnen, Kathy Keegan, Don Angelo, Tina Cari, Carol Silva, Mr. and Mrs. Dean, Mr. Philips, Celia Barnett, Rose Philips, Tom Provasi, Liz Christan and Donna Dean.

The Youth Night which was held October 17 was a big success and it gathered many people. It featured Clayton Barbeau speaking on creative love. An extra added feature was a potluck dinner.

The Election Banquet was held on Wednesday, October 25. The banquet consisted of an International Cuisine followed by the elections of the president and secretary. The candidates who ran for president were Paul Valdevia and Robin Guardino and for secretary, Rose Philips and Tina Cari. The winners were Robin Guardino for president and Rose Philips for secretary.

They are Dr. Maxwell Clark, Ken Schillerstron; Sylvia Barret, April Roberts; Bea Schacter, Carrie Peyton; J.J. McHabe, John Day; Ella Friedenberg, Laurie Kennison; Francis Egan, Barbara Mahler; Charlotte Wolf, Jill Wallace; Samuel Bester, Mark Lansing; Sadie Finch, Cindy Franz; Lou Martin, Tom Meadows; Lennie Newmark, Tim Franks; Carol Blanca, Jennie Ereno.

Alice Blake, Duon Moore; Vivian Paine, Kim Jensen; Rusty O'Brien, Steve Carlino; Linda Rosen, Dawn Weir; Jose Rodriguez, Tim Yee; Carrie Blain, Beth Baker; Harry Kagen, Buddy Mance; Jill Morris, Kathy Navarra; Rachel Gordon, Pat Ambrozik; Elizabeth Ellis, Kace Lockhart; Julie Aarons, Mary Shannon; Edward Williams, Mark Kassis; Joe Ferrone, Henry Vitkovitch; Helen Arbuzzi, Alice Robertson.

Francine Gardner, Terry Vrevich; Katherine Wolzow, Gayle Greenbrook; Ellen, Louise Jakubowski; and Paul Barringer, Steve Miskulin.

This should be a fantastic play, since they are all practicing hard every day after school. The play will be put on November 16, 17 and 18.

Guess What! We made it! The Del Mar P.T.A. Club will sponsor an Alumni Student Body Dance, Wednesday night November 22. All you old Alumni get yourselves together and "Boogie" on over.

PROBLEM

Our off campus has been put into jeopardy. Littering is our problem, too many people are littering the nearby residential area, and the people are complaining. In order to keep open campus we must keep the area clean. So all you litterbugs "quit."

GAME

Thursday, Nov. 2, the Del Mar frosh-soph football team will go against Prospect here at Del Mar at 3:30. On Friday, Nov. 3, Del Mar Varsity team will play against Prospect; this should be an exciting game!

ANYONE FOR BACKPACKING?

A new Boy Scout troop is getting under way and young men, ages 11 and above, in the Capri School area are invited to join.

Backpacking, camping and other outdoor activities are among the plans for the new troop.

For information call Scoutmaster Karl Larson, 374-2969.

"A" FOR OUR OWN "A"RENA

A Yes Vote on Measure A will enable the Board of Supervisors to establish a joint-powers authority to construct a sports and entertainment arena seating from 4,623 for concerts to 17,500 for boxing. It will also enable county residents to see circuses, pro and college basketball, ice shows, rodeos, pageants, indoor track, trade shows, wrestling, religious programs, ice hockey, civic celebrations, horse shows, tennis, roller derby and public exhibits. Construction will cost the average county resident less than $2 per year for 25 years. Probable site is one 28-acre parcel across Bayshore Freeway from San Jose Airport, easily accessible by Bayshore and Route 17 to all parts of the county.

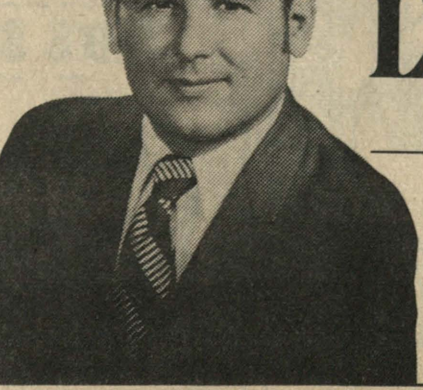
Larry Fargher knows Campbell

He knows what the citizens want, what they need, and unlike ineffectual idealist John Vasconcellos, he is willing to fight for you!

Larry Fargher, your candidate for the 24th District Assembly seat is a doer and a fighter. He knows the issues that concern the citizens here and he wants you to know where he stands. What's more, he wants you to know where his opponent stands on the very same issues. If you agree with Larry Fargher, we urge you to vote for him to be your next Assemblyman.

ISSUE	LARRY FARGHER	John Vasconcellos
Legalization of personal use of marijuana	NO	YES
Forced school busing to achieve racial balance	NO	YES
Reinstatement of death penalty	YES	NO
Firmer law enforcement legislation	YES	NO
Outlawing obscene and pornographic materials	YES	NO

Larry Fargher, with years of governmental experience in this area, will go to bat for you on these issues. He will truly represent the citizens of the 24th District. And wouldn't that be a refreshing change for the better?



VOTE TO ELECT
Larry Fargher
YOUR 24TH DISTRICT ASSEMBLYMAN.

HE'S READY TO FIGHT FOR YOU!

Paid by the committee to Elect Larry Fargher,
Robert Lindsey, Chairman

THE PREMIERS---Not new to barbershop quartet singing are all four members of the Premiers, Shirl Cathey, Midge Minnis, Leola Riedel, and Lynn Jones who were Sweet Adeline regional champions of 1971-72. This group and others can be seen November 11 at the Flint Center, De Anza College. The yearly benefit show is for collecting donations for the Institute of Logopedics.

Barbershop quartet singing revives annual benefit show

The good ole barbershop quartet is not a bygone thing in the Valley. The San Jose Chapter of the Society for the Prevention and Encouragement of Barbershop Quartet Singing in America, Inc. may have an impressive title but its work is even more impressive.

The old Barbershop Quartet has a new reputation in modern times as a charity organization, collecting and performing for the Institute of Logopedics.

The service project, which will benefit the study of speech defects, has been adopted by the rapidly growing barbershop society, now numbering 35,000 members throughout the United States and Canada.

The society will be contributing nearly $125,000 in 1972 to the Institute. The San Jose Chapter has been working toward this year's show entitled "Moods and Music", so it may add to the year's donations.

The annual benefit show this year is scheduled for November 11, at 8 p.m. in the Flint Center, De Anza College, Cupertino. Tickets can be reserved by calling 244-2282 and will be available at the Flint Center box office from noon until showtime on November 11.

Participating in the show this year will be the Garden City Chorus from the San Jose Chapter, "The Villians Quartet" from Berkeley, featuring songs of damsels in distress, the Sweet Adeline champions from San Jose, "The Premiers", "The Fancy Dans", "The Nightlighters", "The Old Time Harmony 4", "Full Esteem", and "Our Gang."

Topping the show will be the 1972 International Barbershop Medalists from Whittier, Calif., "The Far Westerners."

Weeklong Book fair scheduled

Rosemary School will sponsor a book fair designed to encourage student interest in reading during the week of November 1 through November 10.

The fair will be conducted daily in the school library.

New books from many publishers will be offered for sale, including classics, science fiction and reference.

Mrs. Florence Horton, book chairman, and her committee, is working with Educational Reading Service, a professional book fair company, to furnish selections for the fair.

Those interested in examining the display may do so between 9 a.m. and 3:30 p.m.

SPAGHETTI FEED

Hazelwood Home and School Club will hold a spaghetti dinner on Friday, November 17 from 5:30 to 7:30 in the school cafeteria on Waldo Road. Price of the dinner will be $1.25 for adults and 75¢ for those under 12. Tickets will be available at the door. Chairman of the dinner is Harry Macdonagh, vice-president of the club.

St. Lucy's plan holiday party

The regular monthly meeting of St. Lucy's Altar Society will be called to order by Lorraine Doetsch, president, on Thursday, November 2, at 1:30 p.m. in the annex of St. Lucy's Church.

All members are urged to attend, as plans for the Christmas party on December 7 will be discussed.

Following the meeting, refreshments and pumpkin pie will be served.

AMERICAN REALTY
WESTGATE OFFICE 379-6030

RECITATION---Lisa Amaral, of San Jose, 10, theme girl for the 1972 Antiques Show and Sale sponsored by Episcopal Church Women of Trinity (Nov. 10-12), and her grandmother, Mrs. Joseph J. Amaral of Santa Clara, co-chairman of the event, get in the mood in an old-fashioned school scene in the San Jose Historical Museum. The Antiques Show and Sale will be at the Santa Clara County Fairgrounds, 344 Tully Road, San Jose.

County fairgrounds is site of Episcopal Antique show

A 10-year-old girl whose family settled in Santa Clara County in the late 1800's will be theme girl for the 14th annual Antiques Show and Sale sponsored by Episcopal Church Women of Trinity November 10-12 at the County Fairgrounds, 344 Tully Road, San Jose.

Lisa Amaral, a San Josean, is a descendent of the George Debenhams and the William Smiths, who were orchardists in Santa Clara in the 1800's. Their granddaughter is Lisa's grandmother -- Mrs. Joseph J. Amaral of Santa Clara, a past president of the Episcopal Church Women of Trinity and co-chairman of the Antiques Show and Sale.

Lisa will be at the opening of the event, scheduled for noon Friday, November 10. Hours will be noon until 9 p.m. November 10 and 11; 11 a.m. until 6 p.m. November 12. A gate donation will be asked to support the work of Trinity; parking will be free.

CARDS and LUNCH

We and Our Neighbors Club will hold a luncheon and card party at their clubhouse at Union and Los Gatos-Almaden Road on Saturday, November 11. Proceeds from the event will go towards the club's charitable projects.

Door prizes and table favors will be offered at the afternoon event, which will begin at 12:30. Chairman for the social is Mrs. William Murphy. Mrs. Thompson Mead is We and Our Neighbors' president.

LEGAL NOTICE

NOTICE OF ADVANCED MATURITY CITY OF CAMPBELL LOCAL IMPROVEMENT DISTRICT NO. 11 BOND SERIES 1968-1 RESOLUTION OF INTENTION NO. 1704, ADOPTED JULY 13, 1964

TO WHOM IT MAY CONCERN, holders or owners of the bonds listed below issued to represent unpaid assessments in Local Improvement District No. 11 pursuant to Resolution of Intention No. 1704, adopted by the City Council of the City of Campbell on July 13, 1964:

Bond No.	Denomination	Date of Maturity
52	$1,000.00	July 2, 1975
53	1,000.00	July 2, 1975
62	1,000.00	July 2, 1976
71	1,000.00	July 2, 1977
80	1,000.00	July 2, 1978
89	1,000.00	July 2, 1979
98	1,000.00	July 2, 1980
116	1,000.00	July 2, 1982
124	1,000.00	July 2, 1983

NOTICE IS HEREBY GIVEN that the Treasurer of the City of Campbell has advanced the maturity on the foregoing bonds to January 2, 1973.

You are further notified that you may, prior to the date of advanced maturity, surrender said bonds and receive the principal and interest thereon to the date of payment together with the premium thereon equal to 5 per cent of the principal. If the bonds have not been sooner surrendered on the date herein fixed for advanced maturity there will be set aside to your credit the amount of principal and accrued interest then due on the bonds together with a premium of 5 per cent of the principal, and the bonds shall then be deemed to have matured and interest shall cease to accrue on the bonds. The amount so set aside will be paid to the holders or owners of the bonds upon demand and upon the surrender and cancellation of the bonds.

Campbell drive in final week

Two weeks remain in this year's United Fund Campaign here and local volunteers have 60.2 per cent of their $57,462 goal to go, according to a campaign progress report of last week.

In one of seven communities in the Central Area, a total of $22,850 has been raised with the divisions of commerce and industry, education, government employees, professions and small business reporting results.

Other communities in the chapter include Milpitas, San Jose, Cupertino-Monta Vista, Saratoga, Los Gatos-Monte Sereno and Santa Clara. The entire chapter is at 42.1 per cent of its $1,098,248 target.

Two weeks remain in this year's effort to continue support of UF services through 1973. Campaign is slated to officially conclude Nov. 16.

"We are picking up momentum thanks to the efforts of campaign volunteers and loaned executives in September," said Robert U. Skibinski, UF county president and vice-president and general manager of Pacific Telephone. Their efforts are finally bearing fruit in increased employee giving. We still, however, have far to go in the few short weeks that remain if we're to reach our county goal of $4.2-million.

CHEER-A-DILLI SQUARE--Mrs. Henry Uchytil and Mrs. Milo Johnson are preparing for the bazaar to be held November 9 and 10 at the First United Methodist Church. Booths will simulate those found in Piccadilly Square and featuring gift items of many kinds.

Cheer-A-Dilli is theme set for annual bazaar

"Cheer-a-Dilli Square" is the theme of the bazaar to be held at the First United Methodist Church, 1675 Winchester Blvd., on November 9 and 10.

Booths will simulate shops in the "Square" and will feature gift items of many kinds, including aprons, knit, crochet and macrame, pod and cone arrangements and wreaths, candy and baked goods, as well as others.

A preview dinner, with advance reservations, will be served on the evening of November 9. Dinner guests will have the privilege of browsing in the booths and making purchases.

Bazaar booths will be open from 10 a.m. to 5 p.m. on Friday, November 10. Luncheon featuring Swedish meatballs, salads and dessert will be served from 11:30 a.m. to 1 p.m. A children's snack lunch, including a sandwich, potato chips and milk, will be available.

The bazaar, which is sponsored by the Women's Society of Christian Service, will include The Thread Shop, featuring needlework of all kinds; The Buttery, everything for the kitchen; The Strawberry Tree, food and plants; The Calorie Cupboard, candy and baked goods; The Green Giraffe, children's things; Yule Jewels, Christmas decorations; Potpourri, variety gifts; The Tuck Box, Wesleyan Service Guild; The Bargain Box, a mini-flea market sponsored by the Campbell Methodist Parents Pre-School.

The Sip'n'chat Corner will serve free coffee during the day. The Cherub Choir will also sponsor a booth.

General chairman of the bazaar is Mrs. Russell Briggs, with Mrs. Richard Hoyt as co-chairman.

Assisting them are Mrs. Henry Uchytil and Mrs. Domingo Gonzales, project chairman; Mrs. Edward Freiria, room arrangements; Mrs. Lawrence Quinsland, publicity; Mrs. Robert Smith, baby-sitting; Mrs. Charles Dewey, decorations; Mrs. Herbert Lietz, treasurer; Mrs. John Bergthold, dinner; Mrs. Jack Wygal, table decorations; Mrs. Lewis McChesney, luncheon; Mrs. Earl Wight, luncheon table decorations.

Mrs. Joseph Snyder and Mrs. Ralph Costello, food preparation for lunch and dinner; Mrs. Dale Stark, tickets; Mrs. William Evans, pricing.

Reservations for the dinner and luncheon may be made through the church office, 378-3472, or Mrs. Stark at 378-8220, or from any Women's Society member.

SCIENCE PAPER

November 3 is the deadline for the submission of entry blanks in the second annual scientific paper contest for senior high school students in Santa Clara County sponsored by the Institute for Medical Research, according to Dr. Charles I. Leftwich.

The contest is open to any student who is presently a senior in a high school in Santa Clara County, public or private, Dr. Leftwich said.

While entry blanks must be submitted to the Institute by November 3, entries themselves should be at the Institute, 751 So. Bascom Ave., not later than 5 p.m., December 1.

Pioneered legislation...
- providing state textbooks to children in non-public schools;
- authorizing methadone programs in California (26 clinics now treating 4000 addicts);
- life-saving aid for children with hyaline membrane disease;
- decentralizing powers to school districts for more local control and flexibility (proposition 5);
- adding 5 kidney dialysis centers—making California the nation's leader;
- initiating state recycling program.

Led fights...
- preserving your option for low-cost "funerals";
- blocking state university and college tuition;
- granting 18-year-olds voting rights and adult responsibility;
- opposing (unsuccessfully) sales tax on gasoline—the tax on a tax.

Did you know that
SANTA CLARA COUNTY
is on the "Coast"?

Proposition No. 20—the so-called "Coastal Initiative"—takes away land-use control from you who live in "coastal" counties, and turns decision-making over to **appointed** State commissions.

It establishes a virtual moratorium within a "permit area" on any construction—public or private—for nearly five years.

But nobody knows where the "coast"—as defined in Proposition No. 20—begins or ends.

The "coastal zone" and the "permit area" established by Proposition No. 20 include not just land back from the Pacific shore, but land along bays and rivers having tidal action. That includes all counties fronting on San Francisco Bay, as well as Sacramento, Yolo and San Joaquin counties.

Another gimmick in Proposition No. 20 indicates that land adjacent to rivers **beyond** the high tide mark, and their tributaries, could be included in the "permit area".

Depending on court interpretations of Proposition No. 20's vague definitions, extensive portions of **perhaps 48 out of California's 58 counties** would be subject to its highly restrictive provisions. And most of those counties would have **no** representation whatever on the State and regional commissions which would take over land-use planning and permit approval.

People owning a lot lying within the "permit area" couldn't build a single-family home on their property without securing approval from the State—**after** having gone through the usual procedures for securing permits from local planning agencies. Assuming they received approval—and it's doubtful, the way Proposition No. 20 is written, that anybody could—**any** person could challenge the permit in court, without even posting a bond, thus blocking construction for an indefinite period of time.

Any person who wants to stop **any** construction—a sewer line, a bike path, an access road, or whatever—need not be a resident of California. Similarly, any city, county, school district, harbor district, etc. would be blocked from repairing, building or improving needed facilities.

Proposition No. 20 would lower the value of property in the affected areas **without** compensation to the property owner—setting a precedent for similar confiscation in every area of the state.

Proposition No. 20 would reduce local tax revenues to counties, cities and school districts in the areas affected with **no** provision for reimbursement from state tax sources—forcing higher taxes on local home owners.

State guidelines and controls on ocean front property are needed—but Proposition No. 20 is a disastrously wrong way to go about it.

Vote NO on Proposition No. 20!

CONSERVATION—YES
but CONFISCATION—NO!

VOTE NO ON PROPOSITION NO. 20

ORDINANCE NO. 865
BEING AN ORDINANCE OF THE CITY OF CAMPBELL AMENDING SECTIONS 21.14.070 (3) AND 21.16.070 (3) AND DELETING SECTION 21.18 OF THE CAMPBELL MUNICIPAL CODE.

The City Council of the City of Campbell does ordain as follows:

SECTION ONE: That the following Sections of Title 21 of the Campbell Municipal Code, entitled zoning, be and the same are hereby repealed:

Section 21.14.070 (3), Section 21.16.070 (3) and Section 21.18.

SECTION TWO: That the following Sections be and the same are hereby enacted as a part of Title 21 of the Campbell Municipal Code:

1. R-2 Multiple-Family District
21.14.070 (3) The minimum lot size for a three or four unit dwelling is 8,000 square feet. The minimum lot size for more than four dwelling units can be determined by applying the following formula: 8,000 square feet for the first four units and 2,200 square feet for each additional unit.
2. R-3 Multiple-Family District
21.16.070 (3) The minimum lot size for a three or four unit dwelling is 8,000 square feet. The minimum lot size for more than four dwelling units can be determined by applying the following formula: 8,000 square feet for the first four units and 1,600 square feet for each additional unit.

PASSED AND ADOPTED by the City Council of the City of Campbell on the 24th day of October, 1972, by the following roll call vote:
AYES: Councilmen: Chamberlin, Doetsch, Hammer, Paul, Podgorsek
NONE: Councilmen: None

DEPARTMENT OF PUBLIC WORKS
DIVISION OF HIGHWAYS
NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 5101, Public Works Building, 1120 N Street, Sacramento, California, until 2 o'clock p.m. on November 8, 1972, at which time they will be publicly opened and read in the Assembly Room of said building, for highway planting on State highway in accordance with the specifications therefor, to which special reference is made, as follows:

Santa Clara County, in Campbell, from 0.5-mile south to 0.4-mile north of Camden Avenue Undercrossing (04-SCl-17-10.0/10.9), a net length of about 0.9-mile, highway planting areas to be prepared and planted and an irrigation system to be installed.

Bids are required for the entire work described herein.

Plans, specifications, and proposal forms for bidding this project can only be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and may be seen at the offices of the State Highway Engineer at Sacramento, and the District Engineers at Los Angeles, San Francisco, and the district in which the work is situated.

The successful bidder shall furnish a payment bond and a performance bond.

Pursuant to Section 1770 of the Labor Code, the Department has ascertained the general prevailing rate of wages in the county in which the work is to be done, to be as listed in the Department of Public Works, Division of Highways publication entitled Equipment Rental Rates And General Prevailing Wage Rates, dated October, 1972.

LEGAL NOTICE

CITY OF CAMPBELL
NOTICE TO BIDDERS
NOTICE INVITING SEALED BIDS FOR COMPLETION OF ENGINEERING WING, CAMPBELL CITY HALL

Notice is hereby given that bids will be received by the City Clerk of the City of Campbell, California, on or before November 28, 1972, at the hour of 3:00 p.m., in the City Hall Council Chambers, 75 North Central Avenue, Campbell, California, for the completion of the Engineering Wing of the Campbell City Hall.

Plans and specifications may be examined after November 6, 1972, at the office of the City Clerk, City Hall, Campbell, California, or may be obtained from the same office upon deposit of Fifteen Dollars ($15.00) for each set, which deposit will be refunded upon the return of such sets in good condition within fifteen (15) days after bids are opened. Contractors will be limited to two sets of plans and specifications per bidder. Ten dollars ($10.00) of the deposit will be retained as the cost of reproduction for each additional set supplied. Plans may also be examined at the office of the Architect, 346 East Campbell Avenue, Campbell, or at the various Builder's Exchanges.

All laborers and mechanics employed by contractors or subcontractors in performance of the construction work shall be paid wages at rates not less than those currently in effect for the County of Santa Clara, and as adopted by the City of Campbell and every such employee shall receive compensation at a rate not less than one and one-half times his basic rate of pay for all hours worked in any workweek in excess of eight hours in any workday or forty hours in the workweek, as the case may be.

LEGAL NOTICE

CITY OF CAMPBELL
CALIFORNIA
NOTICE TO CONTRACTORS
PROJECT NO. 72-5

Sealed proposals will be received by the City Clerk of the City of Campbell, City Hall, Campbell, California until 2:00 o'clock P.M. on Monday, the 6th day of November, 1972, for construction of surface grading of Rincon Park in accordance with and as described and provided in the plans and specifications therefor and the proposed form of contract therefor, all of which are on file in the office of the City Engineer of said City, and to which special reference is hereby made.

At the above-mentioned time, in the chambers of the City Council, said sealed proposals or bids shall be publicly opened, examined, and declared.

No oral, telegraphic, or telephone bids will be considered.

Bids are required for the entire work, materials and improvements.

Each proposal must be accompanied by cash, cashier's check, or check certified by a responsible bank, or by a bid bond, the proposed form of which is on file in the office of the City Engineer of said City and to which special reference is hereby made, in a sum not less than ten percent (10%) of the total amount bid, payable to the City of Campbell as liquidated damages in case the bidder is awarded the contract and fails, within fifteen (15) days after date of mailing to him by the City Clerk of a notice of award of the contract and that the contract is ready for signature, to execute the above-mentioned written contract and file with the City Clerk satisfactory insurance certificates as required by the terms of said contract and satisfactory bonds as required by law for the faithful performance of said contract and for the protection of materialmen and laborers. Special reference is hereby made to Section 4200 and 4208 of the Government Code of the State of California, and to the proposed forms for said bonds now on file in the office of the said City Engineer, for further particulars respecting bonds.

The attention of bidders is specially called to the provisions of Article 2, Chapter 1, Part 7, Division 2, of the Labor Code of the State of California, and to Resolution No. 1919 of the Council of the City of Campbell, adopted on September 13, 1965, in compliance with said provisions of the Labor code, copies of which are now on file and open for inspection in the office of the said City Clerk and in the office of the City Engineer, Campbell, California, and another copy of which is attached to the proposed form of contract above referred to. The general prevailing rate of per diem wages in this locality for each craft or type of workmen needed to execute the contract for said work and improvements, and also the general prevailing rate of per diem wages for each such craft or type of work for each legal holiday, Saturday, Sunday and for overtime work, is as ascertained and set forth in said resolution, and said resolution is hereby specially referred to as "Exhibit A" and incorporated herein the same as if completely set forth herein, and is hereby made a part of this Notice.

The Department of Public Works, in accordance with Title VI of the Civil Rights Act of 1964 (78 Stat. 252) and the Regulations of the Department of Commerce (15 C.F.R., Part 8), issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that the contract entered into pursuant to this advertisement will be awarded to the lowest responsible bidder without discrimination on the grounds of race, color or national origin.

Minimum wage rates for this project as predetermined by the Secretary of Labor are set forth in the Special Provisions. If there is a difference between the minimum wage rates predetermined by the Secretary of Labor and the prevailing wage rates determined by the Department of Public Works for similar classifications of labor, the Contractor and his subcontractors shall pay not less than the higher wage rate.

Pursuant to Section 1770 of the Labor Code, the Department has ascertained the general prevailing rate of wages in the county in which the work is to be done, to be as listed in the Department of Public Works, Division of Highways publication entitled Equipment Rental Rates and General Prevailing Wage Rates, dated May, 1972.

No proposal will be considered unless made on forms furnished by the City Engineer of said City at his office of said City. Each proposal must be sealed, and the envelope containing the same must be addressed to the City Clerk of the City of Campbell and must be plainly marked:

"PROPOSAL ON SURFACE GRADING OF RINCON PARK, PROJECT 72-5"

Each bid shall separately state in both words and figures the price offered for the approximate quantity of each item set forth in the proposal form, and shall also state in words and figures the total contract price. Quantities set forth in the proposal form and in the specifications are approximate only, being given as a basis for comparison of bids, and the City of Campbell does not, expressly or impliedly, agree that the actual amount of work or materials will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work or materials or to omit portions of the work or materials as may be deemed necessary by the City Engineer.

Proposals may not be withdrawn after the time fixed for opening of proposals. The Council of the City of Campbell reserves the right to reject any and all proposals, and to waive any errors or informalities in any proposals.

Plans and specifications may be obtained at the office of the City Engineer upon receipt of a check for Fifteen Dollars ($15.00) per set made payable to the City of Campbell. A refund of Fifteen Dollars ($15.00) will be made for these sets if returned in good condition within ten (10) days after date of bid opening.

TO HELP YOU FEEL ACQUAINTED

- We believe that Jesus Christ is the Son of God.
- That righteousness is simply "rightness".
- That there is no one that is righteous.
- That through faith in Christ's death for us, God forgives our past sins.
- That through this forgiveness we can have fellowship with God, person to Person.

Campbell Garden Club is featured in holiday decoration show at Civic

Perhaps the finest way to brighten one's Christmas spirits is to attend San Jose's eleventh annual Christmas Lane held in the Civic Auditorium at Market and San Carlos streets, November 17-20!

Participating in Christmas Lane, a holiday decoration show, will be the Campbell Garden Club who each year represents Campbell with beautiful displays.

This year the Campbell Garden Club, a member of Santa Clara Valley District California Garden Clubs, Inc., will surprise the public by designing and decorating the 12-foot Christmas Lane tree, always a gorgeous highlight of the holiday show.

Mary Birr, president of the Campbell Garden Club, is the head designer and coordinator of the stuffed chicken wire tree that will be covered with greens, blue net, stars and clouds. Helping her on the special project entitled "Spirit of Christmas," are Lee Aversente, Ruth Hartman, and the rest of the 35 members of the Campbell Garden Club. The State Highway Department is helping to gather greens for the Christmas Lane Tree.

Sponsored by the San Jose Parks and Recreation Department, Santa Clara Valley Garden Clubs, Santa Clara Valley Flower Arranging Clubs and Arts and Crafts Clubs of the San Jose area, Christmas Lane offers something for everyone.

Displays of trees, fireplace mantels, doors, angels, decorated candlesticks and holders, packages, pods and cones. table settings, niches, and holiday foods help create the holiday mood.

Special attractions and demonstrations such as "Holiday on Stage," "Room Decor With Table Settings," "Christmas Anyone?," "Home For the Holidays," "Holiday Decorating With Plants," "Holiday House Tour," and "Art-In-Action," a half-hour demonstration featuring over 100 holiday ideas demonstrated throughout the show, including "Holiday Kitchen," make Christmas Lane an event that cannot be missed by families who enjoy the unique special Christmas spirit of the Holiday Season.

Christmas Lane show times are: Friday and Saturday, November 17 and 18 - 9:30 a.m. to 9 p.m.; Sunday, November 19 - 11 a.m. to 6 p.m. and Monday, November 20 - 9:30 a.m. to 6 p.m.

The admission is free to this nationally recognized special event. Arrangements for group tours through Christmas Lane may be made by calling Mrs. Beverly Keeney at 277-4000, Ext. 4661 at the San Jose Parks and Recreation Department, 151 West Mission St., Room 203, Health Department Building, San Jose, California 95110.

Mother takes chief role in Dimes march

MARCH OF DIMES

MRS. GARY WOZADLO

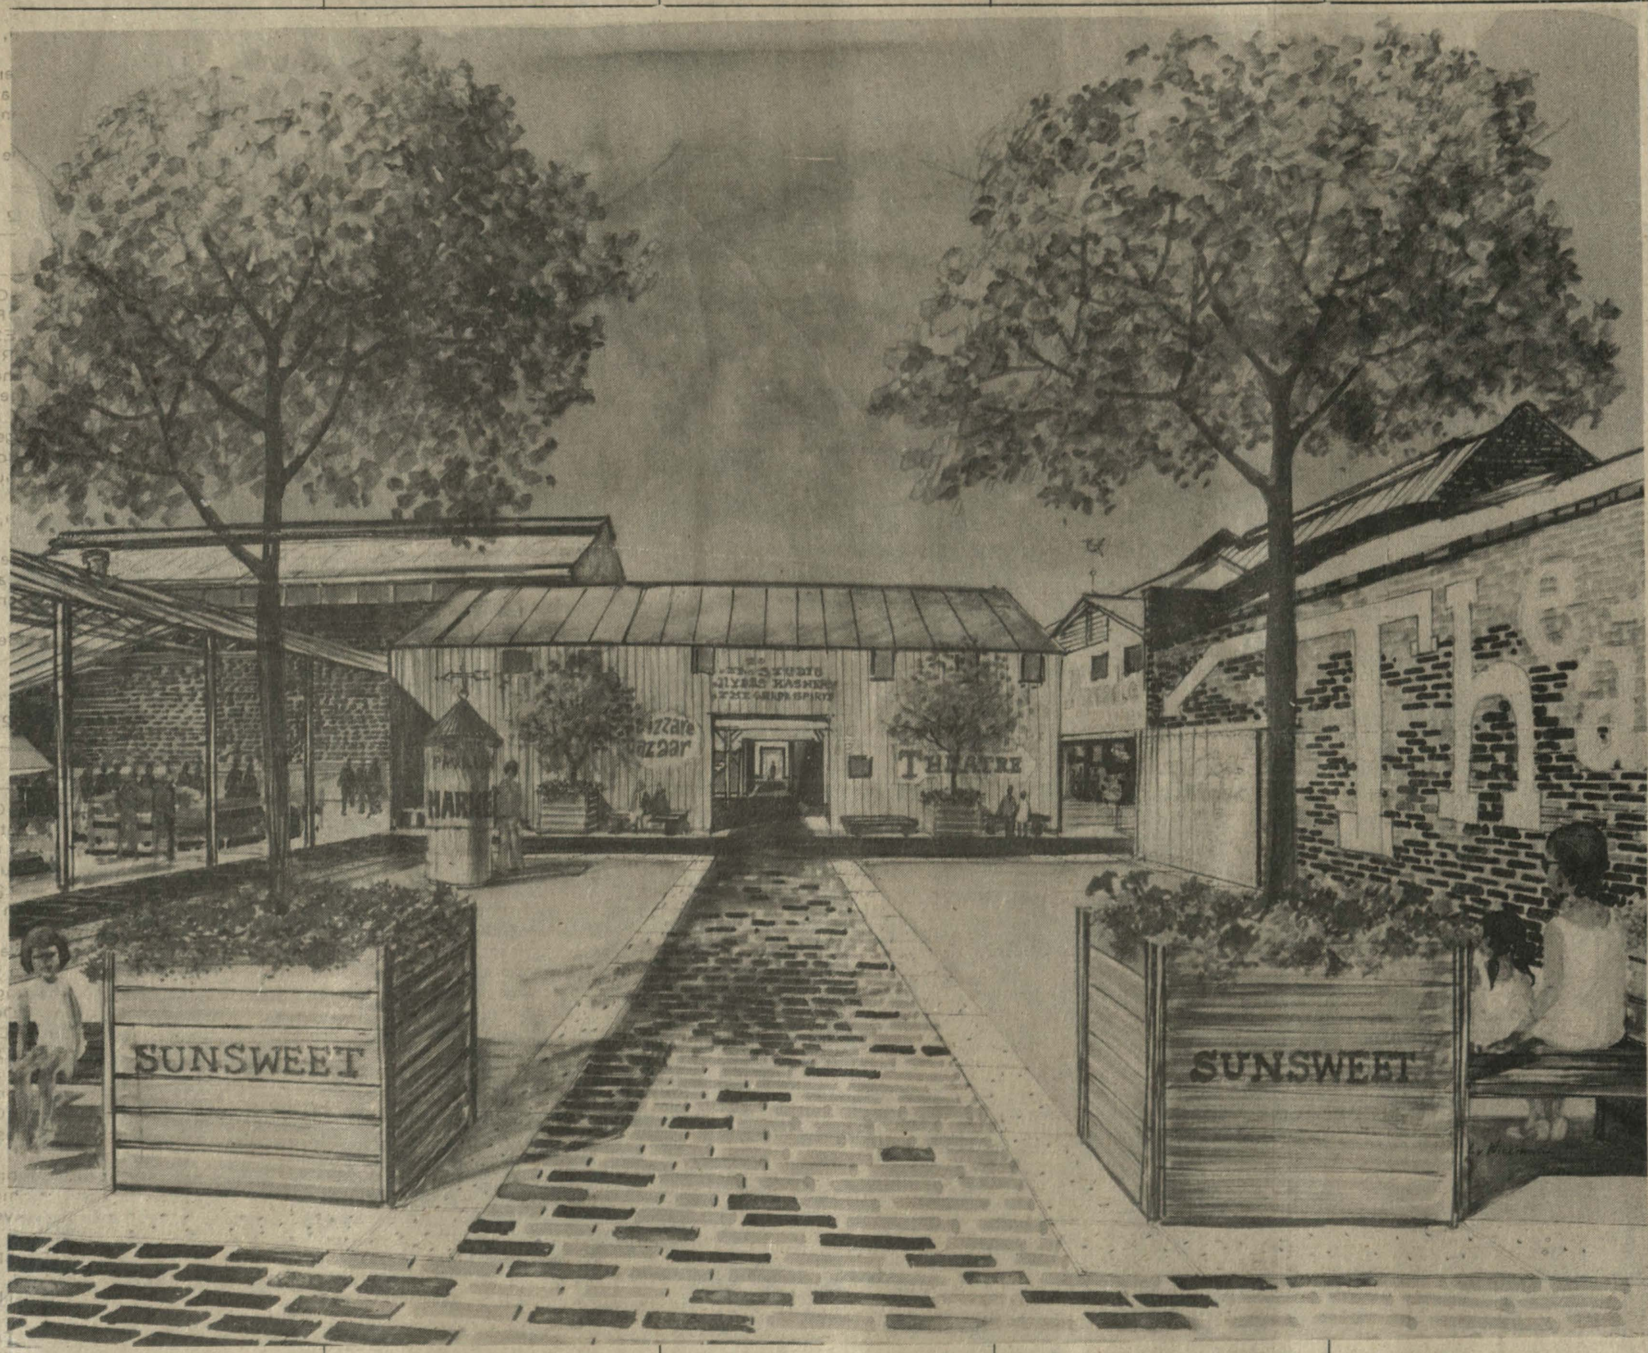
A San Jose school teacher who is the mother of two healthy young children will be volunteer leader of the 1973 Mothers' March against birth defects in Santa Clara County, it was announced today by Glenn Nelson, volunteer chairman for the county March of Dimes.

She is Mrs. Gary Wozadlo, wife of a General Electric engineer. She teaches kindergarten in Simonds Elementary School, in the Almaden area, and is the mother of Lisa, 7, and Eric, 2.

Both her children are normal and healthy, but because she was exposed to rubella (German measles) when she was pregnant with the oldest, she knows, personally, the fear that perhaps she might have an imperfect child. Rubella, when contracted by a pregnant woman, can affect development of the fetus, resulting in a multiplicity of birth defects.

Not only is she willing to take the chief leadership role in the Mothers' March, with its educational and fund-raising aims, but Mrs. Wozadlo is carrying on a personal campaign for mass rubella immunization in the county. The United States Department of Public Health supports immunization of the 1 to 12-year-old group to eventually eliminate the disease even as poliomyelitis has been virtually eliminated in this country by Salk and Sab in vaccines.

The Mothers' March is the residential campaign that is a part of the March of Dimes, the fund-raising effort that supports The National Foundation, the voluntary health agency working against birth defects. Women who wish to participate in either organizational or canvassing activities for the Mothers' March should call the Mothers' March office, 1171 Lincoln Ave., San Jose (phone 292-3122).



SUNSWEET CONVERSION-- On the drawing board at the present time are plans for the transformation of the Sunsweet plant in Campbell into a cultural/commercial center. Here is one version of how the transformation would appear when completed.

Motorists use 'square loop' detour at Almaden-Capital

Starting this week, motorists using the Almaden-Capitol Expressways intersection are making a "square-loop" detour around that location while highway contractors begin building an overpass.

The County Public Works Department has awarded a $1,200,000 contract to the Lew Jones Construction Co. and Leo F. Piazza Co. The county is contributing $620,000, with the balance coming from federal urban extension highway funds, Public Works Director James Pott reported.

He explained that the development of the Almaden Valley, compounded by increases in the traffic volumes along Capitol Expressway, has caused a high concentration of traffic at the intersection.

"The present traffic signals cannot handle the load," Pott reported. "The situation necessitates the construction of a bridge structure and a square loop interchange to provide greater traffic capacity, safety and convenience to the motorist."

When the job is finished through traffic on Almaden Expressway will cross Capitol Expressway (Hillsdale avenue) on the overpass bridge.

But while the project is under way Almaden traffic, both north and southbound, will be routed onto temporary roadways on either side of the overpass project.

The Capitol-Hillsdale traffic will use some new and existing streets in the area to pass around the project.

The engineers have nicknamed these by-pass routes "square loops" because they are laid out as square or rectangle city blocks instead of the "loops" used for most highway interchanges and "cloverleafs."

The land within the square can be developed unlike the land in a cloverleaf.

Vandals hit RR crossing

The new railway crossing guards on Pollard Road west of Harriet Avenue is of little value, according to Mike De Witt, signal department director for Southern Pacific Railroad, because of a rash of vandalism during the past week.

At least ten incidents have occurred during the past five days, according to De Witt, and traffic has been tied up along Pollard Road because the signals have been activated by persons unknown.

Last Friday, according to De Witt, a log was placed under the gates, so they would not go down, which kept the signals from working properly when a train approached the crossing.

Local school officials are concerned because of the school traffic and because indications are that students may be partially responsible for the incidents.

Campbell Police Dept., alerted to the situation, is now making regular patrols of the area. Motorists meantime are urged to approach the crossing cautiously and residents are requested to report any unusual activity to local authorities.

Letters to the Editor

ON OBSCENITY

Dear Editor:

There are many issues that we will be voting on in November, but one that should concern all of us is the Obscenity Legislation Initiative.

This initiative would more clearly define obscenity, so that it can be more realistically dealt with. The present law is so unspecific that obscenity cannot be clearly identified or prosecuted. And today this country is being flooded with pornographic literature and entertainment.

Psychologists have long stated that behavior is a result of ideas and thoughts, and these are influenced by what is read and seen. We know that in other areas our children are greatly influenced by their environment, they are also greatly influenced by what they see in this area.

The late FBI Director Hoover stated that many sex criminals are addicted to pornography, and are stimulated in this way to commit sex crimes.

We may become used to seeing pornography around us, but we should realize that this does influence behavior, and contributes to the growing crime rate in this country. Freedom is not license.

I hope that all citizens will carefully read and study this issue before voting in November.

Sincerely,
Mrs. Ruth Russell

ANOTHER ERA

Dear Sirs:

Of late we have heard so much about the "end of the era" of this and that. I would like to talk about a family who formerly lived in Campbell.

First, I'd like to state we have just returned from a stay of three years in Europe and see so many wonderful things that were not here when we left, such as the lovely new civic center and the Prune-Yard. Such beauty!!

On the other hand we are saddened to find a number of our dear older citizens are no longer with us. One such couple was Mr. and Mrs. James Prout of North Central Ave. In years past when their family of seven were home going to school, their home was an actual lighthouse for teenagers.

Mr. and Mrs. Prout did not spend much money on themselves. They sacrificed and instead helped so many, many young people with food and guidance.

One of those young people, now grown and a parent, remarked recently that she could never figure out how the Prouts always had enough to go around to everyone who came to their home. This will never be again. Today people seem to be afraid to spend a few nickles to do something for someone.

I understand the Prout home on North Central is for sale. It seems to me it would be ideal for the Ainsley Co. to purchase, for this proud home was the only building on the original Ainsley properties. It was the site of the caretaker's home. Of course, the quaint house has been remodeled several times, but it was so cozy and comfortable and the Prout family just loved it.

The only member of the Prout family living in the Campbell area is Mrs. Leona Davis on Union Ave.

I hope the City of Campbell will preserve those beautiful redwoods planted by the Prout boys, Walter and James, and Wilbur and Evelyn Meeks. Some of the boys were lost during the war years. I think it would be a nice memorial to them as well as Mr. and Mrs. Prout.

Sincerely,
Reba Crawford

QUESTIONS METHODS

Dear Editor:

I know civil rights are important and all are urged to take part by registering and voting BUT isn't going into the hospitals for the Mentally Retarded going a little afar?

A directive from the Department of Mental Hygiene to all State Hospitals of California that each patient over 18 be given the right to register if desired.

One hospital (Mentally Retarded only) had 111 express yes with it being determined 41 of the 111 were eligible.

How this determination was made I know not. However, many of these patients are legal residents of counties other than the one where the hospital is located.

Many have legal guardians or legal conservators therefore their permission is needed which was not asked for. I would like to know how they will choose or know how to vote? Will they be listed as eligible for jury duty as the general public is when registered?

As a parent of one registered without permission as the conservator I think it is very sad Mentally Retarded patients can be used in such a manner.

Mrs. W. Scholten

County prepares to send out consolidated tax bill

The 1972-73 property tax bills for city, county, schools and special district services are ready for owners of homes and other real estate in Santa Clara County.

County Finance Director, Edward N. Glaeser, explained that in this County his office serves as the central collection agency for local property taxes for all cities, schools and districts. This allows consolidation of many taxes into one tax bill.

Over 300,000 tax bills will be in the mail by November 1.

This year the bills total $379 million, an increase of $29 million from last year.

The total includes $229 million for the County's 41 unified, elementary, high school and junior college districts; $49 million for the 15 cities, $82 million for county government and $19 million for various water, fire, sewer and other special districts.

The taxes can be paid starting November 1 by mail or in person at Room 107, First Floor, County Administration Building, 70 W. Hedding St., San Jose, 95110. Glaeser recommended that taxpayers avoid the traditional long lines and congestion in his office during tax season and send their payments by mail.

California needs Hayden.

Richard Hayden spearheaded the drive to obtain $1,400,000 in state funds to purchase the third campus site for the West Valley Community College. His legislation, adopted as an urgency measure, secured the money just six weeks after the City of Santa Clara issued its appeal for the funds.

Richard Hayden was named Legislator Of The Year by the California Society of Professional Engineers for his leadership in developing programs for the economy, financial stability, and environment of California.

Richard Hayden co-authored the extension of Operation Share, to increase funds for tutorial help on college campuses.

Richard Hayden authored legislation that liberalized unemployment benefits for classified school employees, and at the same time saving the state thirty million dollars.

Richard Hayden voted Yes on every property tax relief bill. Voted Yes on every major environmental bill. Voted Yes for the Equal Rights Amendment to the Federal Constitution. Voted Yes on No-Fault Auto Insurance. And voted No against the Southern Crossing.

Hayden needs you.

Richard Hayden needs the vote of every person concerned about schools, about jobs, about the environment.

Richard Hayden needs your vote, so he can keep on voting for tax relief, new school financing, and better environmental controls.

California needs Richard Hayden re-elected to the Assembly.

That means that on Election Day, Richard Hayden needs you.

Re-Elect Assemblyman Richard Hayden 22nd District.
The legislator that listens to you.

Paid for by Citizens for Hayden. Chairman: Peter Pavlina

Obituaries

DR. DAVID H. ALVAREZ

Dr. David H. Alvarez, 33, husband of the former Nancy Straub of Campbell, died October 17 in Vietnam.

Alvarez, who with his wife was the subject of a feature story in the Campbell Press last May, died of influenza and pneumonia.

He was working in Vietnam with the World Relief Commission and was orthopedic surgeon in a children's hospital in Da Nang. He and his wife, a graduate of Campbell High School, both practiced in the hospital. Mrs. Alvarez is a pediatrician.

A graduate of the University of California Medical School in San Francisco, Dr. Alvarez was the son of Mrs. Mary H. Alvarez of Carmel, the brother of Anne Alvarez of Richmond and the son-in-law of Mr. and Mrs. F. L. Schraub of Campbell.

His wife and their two children, Jill and Aaron, have returned to the Campbell area, where it is expected they will reside.

Services were held at the Willow Glen Alliance Church on Monday.

Charles Cutting, early-day local orchardist, dies at 94

Funeral services were conducted last Saturday for Charles (Carl) Bourne Cutting, 94, an early-day Campbell orchardist who came with his parents to the area when he was 15 and attended the local school and then went on to Heald's Business College.

He was born in Riceville, Iowa, September 29, 1878, and the family moved to California in 1893, first settling in Soquel and the next year moving to a ranch in Campbell.

He was the last of five brothers, William C., Theodore A., Frank H. and Dr. James A. Cutting. Theodore was a noted landscape artist and Dr. Cutting was a longtime assistant superintendent at Agnews State Hospital and nationally known for medical research.

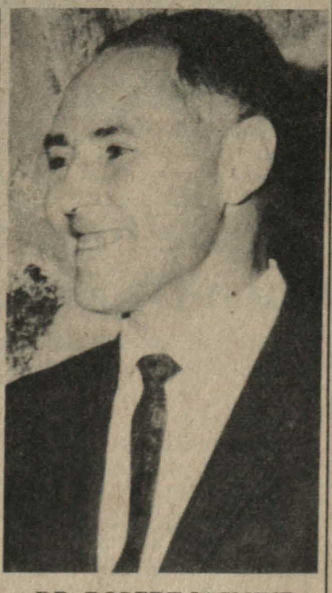
Cutting's wife, the former Bess Gates, whom he married in 1904, died in 1962 when they were living on Tait Ave., in Los Gatos. Cutting died in a convalescent hospital.

After their marriage in 1904, the Cuttings established their home on the old Gates homestead on Hamilton Avenue in Campbell. Prunes and walnuts were raised on their ranch. In 1938, they sold the large house on the property and built a smaller modern one. They also had a mountain home in Ben Lomond.

As hobbies, Cutting kept bees, did much carpentry and collected rocks. Always a student, he mastered the details of his hobbies as well as those as an orchardist and rancher.

Funeral services were held at Oak Hill Mortuary and inurnment was in Los Gatos Memorial Park.

He is survived by six nieces and nephews and several grand and great-grand nieces and nephews.



DR. ROBERT JASMINE

Services will be conducted Thursday, Nov. 2 for Dr. Robert Ralston Jasmine, 60, who died suddenly last week in Sacramento.

Jasmine, an optometrist, practiced here from 1950 to 1967. Survivors include his wife, Lillian, a son, Paul of San Jose, and a daughter, Cassandra Kley. Also surviving is his mother, Hazel Page, and a sister, Nancy Dixon, a teacher at Rolling Hills School.

Jasmine was a graduate of Los Angeles College of Optometry and a veteran of World War II. He was the first optometrist to establish a practice in this area, originally selecting an office on Fourth St. He moved to a new office on Campbell Ave. in the early sixties. During that time he served as president of the Santa Clara County Society of Optometrists.

He was instrumental in setting up school vision screening programs in some local school districts. He was a past president of the Campbell Rotary Club and of the Rosemary Home and School Club.

In February, 1967, he retired and his practice was assumed by Dr. Clifford Leong. After relocating in Sacramento, he assumed a partial practice in a clinic.

He was a native of San Francisco. Suhr's Mortuary in San Francisco is in charge of services, which will be held at 11 a.m. Thursday.

Girl Scouts

NEIGHBORHOOD 15
TROOP 953

Junior Girl Scout troop 953 has been meeting for five weeks. The girls are working on the active citizen badge and are learning about our flag, constitutional freedoms and taxes. Recently they put inserts into 5500 newspapers for the League of Women Voters.

Before the rains came, the girls all passed the swimming requirements for the water fun badge at the Westgate Cabana Club pool.

The birthday of Juliette Low, who founded Girl Scouting in 1912, is October 31 and the girls celebrated it with a candlelight closing ceremony, using candles lit from a flame passed through the leader from a candle originally used by the scout founder.

Leaders for the troop are Mrs. Leon Willette and Mrs. D. Sherrin. The troop meets at Forest Hill School.

TROOP 826

Brownie troop 826 has been learning the flag ceremony in preparation for their investiture on November 13. They have made oilcloth "sit-upons" for use on hikes, picnics, etc.

Kirkwood Plaza Aquarium was the destination of their most recent field trip and the ice cream parlor visit was a satisfying climax to the afternoon. The troop is from Hazelwood School and is led by Mrs. Patrick Sullivan.

Skill training designed for teachers' aides

Residents of Union School District interested in becoming teacher aides will have an opportunity to develop needed skills during a teacher aide workshop being co-sponsored by West Valley College and Union School District.

The workshop will be held on Monday evening from 7-10 p.m., Oct. 30 through Nov. 20. Registration and a small fee are required and may be conducted through West Valley's Community Services office, 44 E. Latimer Ave., Campbell, room L-26.

The workshop has been designed to make the aide more aware of student needs in a learning process and the tools available to meet these needs.

Further information about the workshop may be obtained by calling Community Services, 379-1733, ext. 58.

VOTE!!

Cougars Corner

by Mike Lindsey

SO FAR... SO GOOD

Well, Camden's now nearing the end of its first quarter of the '72-'73 school year and already it appears to be the best year ever! Camden has had more new activities and programs started this year than any other year. Some I've talked about, some you'll hear about later. The Cougar Spirit is bigger and better than ever and that means nothing good to come.

PARENT-TEACHER-STUDENT

On the 10th of last May at a PTA meeting, students spoke out in protest concerning the PTA. They felt the PTA was 1) Doing for the students instead of WITH the students; 2) Dwelling upon the matters of fund raising instead of on academic achievements of the students and 3) Trying to think for the benefit of the student rather than letting the student choose for himself.

It was later proposed that students themselves participate as voting members of the PTA. Rather than the Parent Teacher Association, it will be the Parent Teacher Student Incorporated, or P.T.S.I. This is now in effect and after the red tape has been dealt with, Camden will, in some kind of a formal way, elect a student to the executive board with voting privileges.

ARAB SPEAKER

Camden ACG classes welcomed a speaker last week in the form of an ex-Palestinian guerilla. Jack Dyke, the speaker, recently moved to the U.S. and is now attending San Jose State University.

Dyke was the leader of a small group of guerillas for 16 months. Dyke says he left his home country because "The Arab leaders aren't sufficient because of their fight for power."

Dyke claims that American newspapers merely show the Israeli point of view. Many of his country's problems are caused by lack of knowledge about his country.

FRESHMAN ELECTION

The class of '76 held its first election three weeks ago to choose this term's officers.

Craig Anderson emerged president. Under him are Helen Spivak, vice-president; Susan Bertaccini, secretary and Lynette Leist, treasurer.

This year's Freshman officers want to stress: Get involved now! They feel that many students wait too long to get involved.

PLAY PROGRESSING

Dara Hamann, senior, and Joel Brazleton, senior, will be starring in the junior/senior comedy of "Pillow Talk" to be presented on November 16, 17 and 18.

The play was based on the feature movie which starred the romantic combination duo of Doris Day and Rock Hudson. The story was written by Russell Rouse and Clarence Grenn.

W.V. Club will hold card party

"Be a Queen for a Day" will be the order of the day when members and guests of the West Valley Federated Womens Clubs of San Jose gather for their annual luncheon-card party on Thursday, November 16 at the Ronconada Hills Racquet Club, 101 Casita Blvd., Los Gatos, from 10:30 a.m. to 3 p.m.

Mrs. Walter Schmidt serves as general chairman for the day assisted by Mesdames: Robert Berg, Henry Gutierrez and Arthur McGee.

Marin County has 149.8 miles of shoreline of which only 27.4 per cent is publicly owned.
